

Government Degree College for Women - Karimnagar

Research Policy

Purpose of the Research Policy

The Govt. Degree College for Women, Karimnagar's research policy strives to foster and nurture a research culture among its teaching community. As part of the college's vision and mission, its goal is to help all professors acquire a scientific attitude and research aptitude and to strengthen research management and coordination.

Objectives of the Research Policy

- to motivate and facilitate faculty members in submitting research projects for funding from governmental and non-governmental organizations (NGOs).
- to create a research culture among both faculty and students by establishing a research committee at the college level.
- to increase institutional capability through linkages and collaborations.
- to motivate academia to publish their research in reputable journals that are indexed in UGC-CARE.
- To find and obtain MoUs with industry, research labs, and other institutions.
- to build and maintain a database of the research activities and projects that the staff and students have carried out.
