INSTITUTION DISTINCTIVENESS

Government Degree college of Yellandu was established in 1991. The aim of the institution is to provide qualitative higher education to the students of this region, particularly those who come from economically poor, rural, tribal and other oppressed classes of first generation. Keeping in view the above policies of the government of Andhra Pradesh and the guidelines given by the commissioner of Collegiate Education, Andhra Pradesh, from time to time, we train the students in Sciences, Arts and Commerce courses and also inculcate the social and cultural values. The college was shifted to the new building on 24.01.2003. Since its inception eminent Principals headed this college.

Our college is located in rich green lush environment of tribal area, is looking for the welfare of students in far-flung areas of surroundings. The college provides physical facilities like Laboratories, Library cum Reading room, Computer Lab, well ventilated class rooms and play ground. All the Laboratories are well maintained by the in - charges of the various departments. The library has sufficient no. of academic and competitive books to cater the needs of the tribal pupil. We have well established Gymnasium, to take care of physical fitness of students. All the Class rooms are kept neat and tidy by the supporting staff to maintained hygiene clean and green in the campus. The principal appointed senior most teachers to monitor the smooth conduct of the class room instruction. In nutshell the college is committed for the welfare of the tribal students in academic excellence and potential quality in teaching for the promotion of higher education.
