Activities done at GDCW, Begumpet as part of Light in lives..

1. Grain and water for birds.

1-05-2022- Sunday

The students of the college came forward to join hands together to bring little change in the society. With immense support and cooperation from the Principal mam, HOD Mams Kanchanalatha mam, Sajida mam and Shravan sir we could make this initiative successful. As part of which the first activity is to keep water and grain for birds. They have not spent much time on it but its impact was much more than expected. It just took 5 mins for the students to keep grain and water for birds. It gave them immense pleasure and joy by seeing the birds feed..

2.Chalivendram

06-05-2022 -Friday

The second activity which was done by the students with active support and cooperation of Principal mam, HOD mams, other faculty members and Shравan sir was Chalivendram. We have got donations from HOD mams and faculty members for earthen pots. Then we have placed 3 earthen pots outside the college for passersby,visitors,students etc. This initiative helped us to Beat the heat and helped a lot of people to satisfy their thirst.

3. A treat to MOM

08-05-2022- Sunday

The third and the most heart touching activity done by the students was a Treat to MOM. It can't be called as an initiative because this day is really special for all the children and their Mothers. All the students gifted their moms with priceless love, affection and care and made this day the most memorable one.

4. Food distribution drive.

25-05-2022- Wednesday

The fourth activity done by the students and HOD mam Kanchanalatha mam was serving breakfast to the respectable citizens who happens to be the patients, their respective attenders, passersby and others in need at Osmania Hospital, Hyderabad. The students themselves served breakfast with their own hands and felt the inner happiness in them. The students felt the need of spreading the message of love, brotherhood and humanity to one and all.

About US

A Brief Story About us

·Women, who are the energy center of the family. when the energy center of the family engages in a certain way of living, the direction of the whole family will changes and there for the society and country. we have 3800 + students in the college and if each women can become a change maker the impact it will be wider then the imagination of anyone, in live with that we have initiated the social responsibility wing in the college and doing a lot of society friendly activities.

“A woman is the full circle. Within her is the power to create, nurture and transform.” – Diane Mariechild

Vision

" Empowerment of women through knowledge" Creating the community of change makers.

Mission

02

The mission of the college is to empower young women to fight the challenges of life with courage and commitment and to become the builders of a just and humane society. Thus, the college promotes a value-based learning community where everybody contributes to holistic growth.

Activities

01 Grain and water for birds

The students of the college came forward to join hands together to bring a little change in society. We could make this initiative a success with the support and cooperation of the Principal mam, HOD Mams Kanchanalatha mam, Sajida mam, and Shraavan sir. As part of that, the first activity is to keep water and grain for birds. They have not spent much time on it, but its impact was much more than expected. It just took 5 minutes for the students to keep grain and water for the birds. They got immense pleasure and joy by seeing the birds feed.

02 Chalivendram

The second activity, which was done by the students with the active support and cooperation of Principal Mam, HOD Mams, other faculty members, and Shraavan Sir, was Chalivendram. We have got donations from HOD moms and faculty members for earthen pots. Then we placed 3 earthen pots outside the college for passersby, visitors, students, etc. This initiative helped us beat the heat and satisfied a lot of people's thirst.

03 A treat to MOM

The third and most heart-touching activity done by the students was a Treat to MOM. It can't be called an initiative because this day is really special for all the children and their mothers. All the students gifted their moms with priceless love, affection, and care and made this day the most memorable one.

04 Food distribution drive.

The fourth activity done by the students and HOD mam Kanchanalatha mam was serving breakfast to the respectable citizens who happen to be the patients, their respective attenders, passersby, and others in need at Osmania Hospital, Hyderabad. The students themselves served breakfast with their own hands and felt the inner happiness in them. The students felt the need to spread the message of love, brotherhood, and humanity to one and all.

Activities

05 Fist of Rice

The fifth and most required initiative done by the students with the active support and cooperation of Principal Mam, HOD mams, faculty members, and Shraavan Sir was First of Rice. The students have given a challenge to various wings of the college, such as NCC, NSS, Social Responsibility wing, Rotaract club, and many more, and have successfully collected approximately 15 kilogrammes of rice. The initiative began on May 26th, and the campaign of collecting 1 gist of rice began. On May 25th, we successfully collected the rice. For the first time, we gave the rice to the members of AIPIF, and they used it for the preparation of breakfast and other meals.

DISTRIBUTION OF BOOKS AND CLOTHES TO WORKING LABOUR CHILDREN CONSTRUCTING WASHROOMS ON THE BEGMET COLLEGE CAMPUS

08 Distribution Driver

The Faculty of GDC Begumpet, consisting of the Social Responsibility team, namely, and students of the college, conducted a school education kit distribution programme @ ZP High School.

Gattu Ippalapalli, Ranga Reddy district, Telangana. The kit consists of a school bag, note books, and other stationery required for the academic year (2022-23). The cost of each kit was Rs.1000/200. Such kits were distributed to the high school students of zilla parishad. The journey started on a bus after serving breakfast to the faculty and volunteers at 9 a.m. In addition to the distribution of kits, plant saplings were also distributed in and around the residences of the school.

Activities

09 Peer to Peer

Our students are actively involved in volunteering to take the classes to Anganwadi schools located in the Mayurimarg every morning before college hours.

10 Rakshabandhan with prisoners

Students celebrated the rakshabandhan by sharing love and prosperity with people who were in the central jail. Prisoners meet their family members very often, and a few of them are orphans. They are under punishment, but they really need a relationship to feel responsible and change their mindset and come out as pure human beings. To give that hope, we have decided to celebrate the rakshabandha in central jail by tying the Rakhis to prisoners.

Program Structure

Social responsibility The wing has shortlisted a few activities and is still framing a few more, and this activity framing for volunteering will continue for ever. The core team, a group of students from various departments, will come together and select an activity to execute. The steps of the programme from the beginning to the end are as follows:

- 1.The core team meeting
- 2.Creating the framework based on scope, feasibility, and other factors
- 3.Obtaining approval from the respective incharges
- 4.Volunteer registration progresses
- 5.Circulate the programme framework with all the volunteers.
- 6.Finalizing the date based on everyone's availability
- 7.Assurance of safety and risk factors
- 8.Implementation of the programme:
- 9.Documentation and reporting

We also ensure the safety of participants and other creatures, copy right issues, and legal liability before we start a programme.

Weekly updates and plans will be shared with concerned people

The department of Biotechnology and Zoology organized a training program in collaboration with Institute of Genetics, Hyderabad on “Diagnosis and management of Genetic Diseases” on dt.27-10-2021.

Objective of the Program:

The final year student’s of Biotechnology have undergone training on various molecular biology techniques for understanding diseases .The main aim of this program was making them understand how cells work in healthy and diseased states, cell biologists working in animal, plant and medical science will be able to develop new vaccines, more effective medicines, plants with improved qualities and through increased knowledge a better understanding of how all living things live.Eventually it will be possible to produce a ‘health forecast’ by analyzing your database of genetic and cell information. Using this you will be able to take more control over your health in a preventive way.

The final year students of BtZC (36) attended workshop on Molecular and Clinical Genetics, the workshop included various techniques

Day 1. Lymphocyte culturing – chromosomal Analysis, karyotyping

Day 2. Evaluation of the DNA Damage using comet Assay

Day 3 Clinical Genetics

Day 4. Biochemical tests to determine genetic disorders,

Day 5. Pedigree analysis,

Day 6. Observing down syndrome patient in presence of doctor

Awareness on Anti Tobacco Day
Dt.31-05-2022

This yearly celebration informs the public on the dangers of using tobacco, the business practices of tobacco companies, what WHO is doing to fight the tobacco epidemic, and what people around the world can do to claim their right to health and healthy living and to protect future generations.

In view of anti-tobacco day, the Government degree college for women, Begumpet Health club in collaboration with Dept.of Zoology, NCC and NSS has organized rally with placards against tobacco usage. The rally was taken up from college to nearby local area. Students participated enthusiastically by holding placards and explaining the hazards caused by the use of tobacco.

The Member States of the World Health Organization created World No Tobacco Day in 1987 to draw global attention to the tobacco epidemic and the preventable death and disease it causes. In 1987, the World Health Assembly passed Resolution WHA40.38, calling for 7 April 1988 to be a "a world no-smoking day." In 1988, Resolution WHA42.19 was passed, calling for the celebration of World No Tobacco Day, every year on 31 May.

World No Tobacco Day (WNTD) is observed around the world every year on 31 May. The yearly celebration informs the public on the dangers of using tobacco, the business practices of tobacco companies, what the WORLD Health Organization (WHO) is doing to fight against the use of tobacco, and what people around the world can do to claim their right to health and healthy living and to protect future generations. Students will understand about the damage caused by the tobacco usage amongst the people and ultimately affecting their families and the society.

The Member States of the WHO created World No Tobacco Day in 1987 to draw global attention to the tobacco epidemic and the preventable death and disease it causes. The day is further intended to draw attention to the widespread prevalence of tobacco use and to negative health effects which currently lead to more than 8 million deaths each year worldwide, including 1.2 million as the result of non-smokers being exposed to second-hand smoke. The day has been met with both enthusiasm and resistance around the globe from governments, public health organizations, smokers, growers, and the tobacco industry.

Objectives of the program:

- 1.To bring awareness about tobacco causing health issues in people.
- 2.To draw attention to the tobacco epidemic and the preventable death and diseases it causes.
3. Function of WHO against Tobacco causing diseases.
- 4.To save the youth from addiction of narcotics.

Outcome of the program:

- 1.Students will come to know about the caused by tobacco.
- 2.Students will try to control themselves from peer group pressure.
- 3.Try to understand about diseases like cancer and how it is effecting the society.
