STATE LEVEL FDP ON "MOLECULAR DOCKING STUDIES IN DRUG DISCOVERY" ON 10-03-23

Organized by Department of Chemistry (Under Graduate & Post Graduate) &

Department of Biotechnology Government Degree College for Women (A), Begumpet,Hyd

The department of Chemistry and Biotechnology of Government Degree College for Women (A), Begumpet, Hyd organized a one day State level Faculty Development Programme on Molecular Docking studies in Drug Discovery on 10-03-2023. Total 75 faculty members from various colleges of Telangana have been registered and participated in the programme.

About the FDP

This FDP is a capacity building for science lecturers in computational applications of Chemistry & Biochemistry using Molecular modeling to obtain a new approach in drug design processes. Drawing and visualizing three dimensional structure of molecules and calculating their Physico-Chemical & Biological properties are the most valuable information to the pre-experimental work. Present FDP will provide a basic platform to the faculty and postgraduate students to attain an immense knowledge in the field of Drug discovery using molecular docking approaches, which can be disseminated to the students by the trained lecturers.

Objectives of FDP

- ✓ Introduction to Computer aided drug discovery.
- ✓ Introduction to Molecular Docking.
- ✓ Introduction to Biological databases (PUBMED, RCSB)
- ✓ Working with MGL Tools
- ✓ Molecular docking with Autodock
- ✓ Visualizations & Docking Analysis (PYMOL).
- ✓ Hands on session on Molecular Docking.
