GOVERNMENT COLLEGE FOR WOMEN, BEGUMPET, HYDERABAD

DEPARTMENT OF COMMERCE

INDUCTION PROGRAMME

2016-17

Our college were established to train graduates in their respective branch/ department of study, have a holistic outlook towards life, and have a desire to work for national needs and beyond. The graduating student must have excellent knowledge and skills in the area of his study. However, he must also have broad understanding of society and relationships. Character needs to be nurtured as an essential quality by which he would understand and fulfill his responsibility as an accountant and management, a citizen and a human being. Besides the above, several meta-skills and underlying values are needed. There is a mad rush for engineering today, without the student determining for himself his interests and his goals. This is a major factor in the current state of demotivation that exists among UG students towards studies. The success of gaining admission into a desired institution but failure in getting the desired branch, with peer pressure generating its own problems, leads to a peer environment that is demotivating and corrosive. For some, the start of hostel life without close parental supervision at the same time, further worsens it with also a poor daily routine.

Resource Person: Dr.Nithyanand Sharma

INDUCTION PROGRAM FOR LIFE SCIENCE STUDENTS

2016-17

An induction program was organized for first years of life science students. In this program the students of all groups of life sciences were made aware of college atmosphere, the facilities present, and also the code of conduct. The faculty of life sciences have interacted with the students and clarified their doubts and assured them that they can have good learning environment and by the end of their graduation, they can be successful in life equipped with good skills.

**GOVERNMENT DEGREE COLLEGE FOR WOMEN, BEGUMPET,
HYDERABAD**
