

GOVERNMENT DEGREE COLLEGE FOR WOMEN, BEGUMPET
HYDERABAD-500016
(Autonomous – Affiliated to Osmania University)

A DAY AT THE ORPHANAGE (2016-17)

The *Government Degree College for Women*, begumpet organized a visit to "The Home for Disabled" on 30th April 2016. The Student Union members of our college were accompanied by T.Uma Devi Garu (dept of chemistry).

There were 300 children, women and men who are physically and mentally challenged and sufficient care takers. The moment we entered the orphanage, we tend to

feel both happy and sad. The way the children mingled with us was an enriching

experience for life. *We* donated food, fruits, bread, biscuits, *chocolates*, snacks, etc. The children *were* happier than *one* could possibly imagine, it was a riot of happiness.

These children are really talented some of them are good at singing and some are good at dancing and simply observing their talent makes you feel happy and you wish you could spend as much time with them as possible.

This was amongst *one* of those moments that we can never describe. It was memorable, meaningful and a redeeming day for all present.

The *eyes* and the smiles of children will linger in our heart for all times to *come*.

WORLD ENVIRONMENT DAY (2017-18)

The Department of Zoology, Biotechnology, Botany, and Microbiology celebrated “World Environment Day” on June 5th 2017.

It is to bring awareness amongst the people that the protection and improvement of the human environment is a major issue, which affects the well-being of peoples and economic development throughout the world, designated 5 June as the World Environment Day. Since it began in 1974, it has grown to become a global platform for public outreach that is widely celebrated all over the world. Each World Environment Day is organized around a theme that focuses attention on a particularly pressing environmental concern. **The theme for 2017, ‘Connecting People to Nature’**, urges us to get outdoors and into nature, to appreciate its beauty and to think about how we are part of nature and how intimately we depend on it.

The celebration of this day provides us with an opportunity to broaden the basis for an enlightened opinion and responsible conduct by individuals, enterprises and communities in preserving and enhancing the environment.

Dr. P. Rajani, Principal, of our college encouraged Staff and Students to organize a rally to raise awareness for the protection of our environment, on emerging environmental issues like: pollution, human overpopulation, global warming, to sustainable consumption and wildlife crime.

Rally on World Environment Day—June 5, 2017

MOSQUITO AWARENESS DAY (MAD) (2017-18)

World Mosquito Day was first established in 1897, but Mosquito Awareness Day (MAD) annually it was observed on 20 August, in commemoration of British doctor Sir Ronald Ross's discovery that female mosquitoes transmit malaria disease in human beings.

Keeping in view the present scenario where several cases of mosquito transmitted diseases such as Dengue, yellow fever and malaria were recorded, we the Department of Zoology and Biotechnology took an initiative to organize an awareness programme , **Mosquito Awareness Day (MAD) i.e. 'Protect Yourself from Mosquito Bites' on 24-08-2017.**

The main aim of this programme was to raise awareness among the students, public and healthcare providers about mosquito-borne diseases, and importance of cleanliness in and around living areas, to stop breeding of mosquitoes. It was a three day programme .

First day i.e . on **22-08-2017**. Students of B.Sc II, III year (B.Z.C & BT.Z.C, T/E) have identified few mosquito breeding places, and places which were left uncleaned for several days, took the photographs.

Second day i.e. on **23-08-2017**. Students got divided into small groups, cleaned those identified places and took the photographs. Each group went to classroom and explained spread of various mosquito transmitted diseases, importance of cleanliness in classrooms, college premises, and at home to keep them away from us.

Third day i.e. on **24-08-2017**. Students exhibited the photographs of places where they cleaned (before and after), natural home remedies, and explained responsibility of each and every student to maintain the same.

Near fountain – before and after cleaning.

Near the entrance where drinking water is collected- before and after cleaning.

Near the water tank of Ambedkar open university- before and after cleaning.

Infront of Ambedkar open university where water was stagnant for several days and was suitable for breeding of mosquitoes.

Dr. P. Rajani, principal of our college appreciating the students for their effort in organizing the programme.

Students exhibiting their posters and explaining several important mosquito transmitted diseases, symptoms, and their preventive measures

Staff members from different departments visited and encouraged our students.

Natural home remedies useful as repellants, anti-allergins, and even used as medicines such as papaya for Dengue fever (increases platelets).

Students –move to each and every classroom and explain the importance of cleanliness in the classroom, college premises to avoid diseases transmitted by mosquitoes and responsibility of students to maintain the same.

మహిళా కళాశాలలో దోమలపై అవగాహన కార్యక్రమం

బేగంపేట, ఆగస్టు 24 ప్రభాతవార్త : పరిసరాలు పరిశుభ్రంగా ఉంచుకోవాలని బేగంపేట ప్రభుత్వ మహిళా డిగ్రీ కళాశాల ప్రిన్సిపాల్ రజనీ అన్నారు. గురువారం బేగంపేట ప్రభుత్వ మహిళా డిగ్రీ కళాశాలలో దోమలదినోత్సవాన్ని నిర్వహించారు. బ్రిటీష్ వైద్యుడు సర్ రోనాల్డ్ రాస్ దోమల వల్ల మలేరియా వ్యాప్తి చెందుతుందని కనుగొన్న జ్ఞాపకార్థం ప్రపంచ దోమల దినోత్సవం ప్రతివీటా ఆగస్టు 20న నిర్వహిస్తున్నారు. ఈ సందర్భాన్ని పురస్కరించుకొని ప్రభుత్వ మహిళా డిగ్రీ కళాశాలలో 24వ తేదీన జంతుశాస్త్రం, జీవసాంకేతిక శాస్త్ర విభాగానికి చెందిన అధ్యాపకులు దోమల అవగాహనా కార్యక్రమాన్ని నిర్వహించారు. ఈ సందర్భంగా దోమల వల్ల వచ్చే వ్యాధులు, అనేక రకాల వ్యాధులు, పరిసరాల పరిశుభ్రత ప్రాముఖ్యత తదితర విషయాలను గురించి ప్రిన్సిపాల్ రజనీ విధ్వార్థినులకు వివరించారు.

ప్రభుత్వ మహిళా డిగ్రీ కళాశాలలో దోమల అవగాహన దినోత్సవం నిర్వహిస్తున్న దృశ్యం

Our students brought an awareness regarding the spread of various mosquito diseases in our college premises and in different schools by distributing the pamphlets, how to keep mosquitoes at bay by using natural home remedies, to protect themselves from mosquito bites by using insect repellent, wearing protective clothing and other preventive measures to protect themselves from mosquito bites. Our Principal Madam appreciated staff and students and encouraged our students to spread this awareness in and around our surroundings. Other staff members and students visited and gave their feedback and made this event a grand success.

SHE TEAMS – SHE SHIELDS AWARENESS WALK ON SELF DEFENSE (2017-18)

SHE TEAMS CCS, Hyderabad, conducted a programme on SHE SHIELDS

“AWARENESS WALK ON SELF DEFENSE” on 19th of August 2017 at People’s Plaza, Necklace road, Hyderabad from 4-6 pm.

The students and staff (Mrs V.Rohini, Assistant professor of Biotechnology and Mrs. B.Rukmini Devi, Assistant professor of Botany) of our college participated for safety, security of women

and creating awareness in the public. The Dignitaries like Smt Swathi Lakra, IPS Addl Commissioner of police, crimes & SIT attended the programme.

A VISIT TO GOVERNMENT SCHOOL AND DONATED NOTE BOOKS TO THE STUDENTS (2017-18)

Department has visited Purandar das round table government school and donated notebooks to students and planted trees and helped in digging and construction of rain water harvesting pits in the school, conducted awareness programs related to environment

awareness, conducted some practical classes to create science awareness among the students.

No plastic – awareness program (2019-20)

Staff and students Created awareness on “No plastic” to primary school students at Venkatraopet, Medak on 23-01-2020.

All students felt entrenched with the joy of giving and thus we express our deep sense of gratitude to the *college* for arranging this journey towards humanity. All of us are so lost in this fanciful world of opulence that we hardly seem to notice the other half of deprivation. We have all the luxuries, yet we always *crave* for more and more.

When *we* saw these children in Orphanage, *we* realized how fortunate we really are.

EXTENSION ACTIVITIES (2019-20)

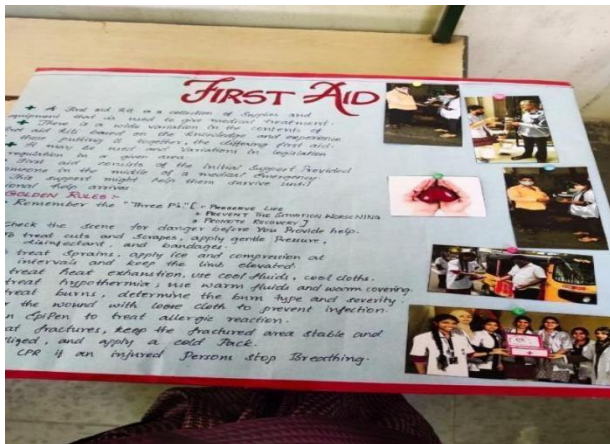

Visit to Orphanage

As part of the community extension, the faculty of social sciences has visited Home for the Disabled, an orphanage located at Secunderabad. On behalf of the college, fruits, groceries, rice bags, to the poor and needy people. In this program 5 lecturers and 80 students have participated.

Awareness on sanitizers and first aid (2019-20)

The III year B.Sc students prepared Natural and Homemade sanitisers and stitched masks. These sanitisers and masks were distributed at few areas of Begumpet and created awareness on hygiene and importance of usage of masks and sanitiser etc, especially for auto drivers, fruits vendors and roadside vendors. In this program 36 students have participated.

AWARENESS PROGRAM ON CORONAVIRUS (2019-20)

On 29th February 2020, an awareness program was organized by the Department of Microbiology in collaboration with NSS all units volunteers. In this program, students have taken rallies and raised slogans for preventive measures of coronavirus. Then we visited Govt. High School, Begumpet and explained to them about the threat of CORONA and how to protect ourselves from this deadly virus. Preventive measures are given to get protection from this infection. In this program 45 students have participated.
