### **ABSTRACT**

*India, a mega diverse nation, is one of the richest nations in terms of biological diversity. India owes this to its position in the tropical and subtropical latitudes. Forest is a natural ecosystem constituting an important, non-renewable living resource. Forest ecosystems of the world make up the Forest Biome, a vital terrestrial biomass producer and repository of biological diversity. Forest is a natural ecosystem constituting an important, non-renewable living resource. Forest ecosystems of the world make up the Forest Biome, a vital terrestrial biomass producer and repository of biological diversity. The major families which occupied first and second position were Mimosaceae-12sp Euphorbiaceae-9sp, and all 149 plant species belonging to 57 families were documented and authentically identified. The main aim of the survey is to prepare a ready check-list of medicinal plants present at and around Ananthagiri hills used by local herbalists and village folklore to cure various human and cattle ailments.*

## **ABSTRACT**

The present study deals with the documentation and evaluation of medicinal plants used by the tribal people in the primary health care in and around Anantagiri and Dhamagundam forest area, Rangareddy district. About 40 villages have been chosen for the study and yielded a valuable knowledge of plant medicine of the locals. The resource persons are mostly lambadas, chenchus and some elderly people of local villages. The study started in the month of May, 2012 and went on up to May, 2014. It revealed valuable information about the ethno medicine of the local tribals of this Dist. . About 138 plant species of 36 families have been documented in this study and an itinerary is prepared according to alphabetical order of the diseases, families along with the vernacular names, botanical; names, drug formulation of drug formulation and methods of drug administration as told by the herbal practitioners

## हिन्दी काव्य का महत्व : वैश्विक परिदृश्य

-डॉ. अफसर डीनसा बंगम

'मेरा देश भारत है, विश्व भर में इसका ध्वज लहराऊंगी / मिट्टी को इसकी मांसे पर अपने, मैं सजाऊंगी/रखूँ मैं देश या फिर परदेश में/ हिंदी भाषा, साहित्य, संस्कृति, बसी तन, मन, वचन और मेरे धर्म में।' मानव मन मस्तिष्क की भावनाओं के प्रकटीकरण का सशक्त व ईश्वरप्रदत्त प्रतिभा का प्रभावपूर्ण माध्यम काव्य सूचना है। यह कवि के काव्यात्मक विचारों की अभिव्यक्ति है। जिसे यह लिखित अथवा मौखिक रूप से पाठक या श्रोता के समक्ष प्रस्तुत करता है। काल, परिवेश, वातावरण, परिस्थिति, संस्कार आदि का प्रभाव कवि की रचनाओं में स्वभाव आ जाता है। जब तक कि कोई विषय उसके अंतःमन को छू नहीं लेता, तब तक वह उस पर कविता नहीं करता। कोई विषय जब तक भीतर से उद्वेलित व अनुभूत होता है, तब अनायास ही प्रकट हो जाता है। कविता कवि के हृदय को उन्नत करती है और उसे उत्कृष्ट एवं आतीथिक पद्यों का परिचय कराती है। जब कविता के पाठक के मन को कवि की अभिव्यक्ति छू लेती है, तब वह अपने हृदय की बात प्रतीत होने लगती है, तब काव्य रचना पूर्ण कसौटी को पा लेती है।

आज की कविता का फलक अति-विस्तृत है। हिंदी काव्य वैश्विक स्तर पर अपना स्थान और महत्व स्थापित करता जा रहा है। विश्व के लगभग देशों में हिंदी भाषा पहुँचकर अपनी जगह बना चुकी है। अज्ञान से भारतीय भारत से इतर देशों में हिंदी काव्य रचना व विकास के कार्य में जुटे हैं। इनमें विदेशी विद्यार्थियों के प्रयापक और दूतावास के अधिकारियों के अलावा सामान्य जन भी पद्य लेखन कार्य से विदेश में हिन्दी भाषा को लोकप्रिय बना रहे हैं। विदेश में बसे साहित्यकार इसलिए महत्वपूर्ण हैं, क्योंकि उनकी रचनाओं में विभिन्न देशों की परिस्थितियों को विकास मिलता है। इनके द्वारा रचित साहित्य के ज़रिए से हिंदी साहित्य का अंतरराष्ट्रीय विकास हो रहा है। हिंदी भाषा विश्व के कोने कोने तक विस्तार पा रही है।

'आज की तारीख में लगभग 22 मिलियन ऐसे भारतवर्षी विश्व के 132 देशों में अपनी जड़े जमा चुके हैं जिनके लिए हिंदी उनकी सभ्यता, संस्कृति, पहचान और अस्मिता है। आज विश्व के तकरीबन 160 विद्यार्थियों में हिंदी की विधिवत शिक्षा के साथ शोध कार्य भी हो रहे हैं। मात्र यू.के. में ही 12 लाख प्रवासी भारतवर्षी विदेशी अनजोवन के महत्वपूर्ण अंग बन चुके हैं।'।

विश्व के विभिन्न देशों अमेरिका, मॉरिशस, ब्रिटेन, फीजी, सूरीनाम, गयाना, मिनियाम, कनाडा, ऑस्ट्रेलिया, न्यूजीलैंड, डेनमार्क, नार्वे, स्कॉटी अरब, शारजा, जपान और यूरोप के देशों में भारतीय और उनकी हिंदी भाषा साहित्य विकसित होकर फल-फूल रहा है, जिसे साहित्यिक राष्ट्रों में प्रवासी हिंदी

## **IMPACT OF MICROFINANCE ON POVERTY ALLEVIATION: A ROLE PLAYED BY SHG**

**Dr Kastoori Srinivas**

Associate Professor of Commerce  
Vivek Vardhini College of Arts, Commerce,  
Science & PG Studies, Hyd

### ***Abstract***

*One of the greatest challenges before the Indian sub- continent which accommodates more than one-third of the population is poverty. India, one of the BRIC nations with more than 1.2 billion population is seen by many developed countries as an emerging economy. India's economic growth has failed to make a significant improvement in its poverty figures with 400 million-more than the total in the poorest African Nations- still stuck in poverty. Government of India with its concern started various poverty alleviation programs but they have failed to deliver the objectives to the level which is desired. The reasons may be many such as failure to reach the target group, loopholes in the system, developing a robust mechanism to name a few. The microfinance has come forward to fill up the gap. But the outreach is too small as compared to the requirement and potential. However there is some progress in this regard after active role played by NABARD and formation of SHGs groups. A number of NGOs and MFIs have also delved into the business. Some of them have also started in a big way and have started making profit by issuing IPOs (Initial public offers). But certain development in recent years has brought a fresh focus on the problem of regulation in field of microfinance. The paper delineates three distinct aspects of microfinance, first growth of microfinance in India and some other countries; secondly it discusses the role played by NABARD and other National Banks in growth of SHGs and Grameen Bank. Third, it deals with the role of government in framing legislation for protection of right of micro borrowers. The study also deals with the need for a regulatory body to regulate, develop and guide the numerous MFIs and NGOs who work in the field of microcredit.*

**Abstract**— Graphene which is one of the latest additions to nanocarbon family has peculiar band structure, extraordinary thermal and electronic conductance and room temperature quantum Hall effect. It is used in for various applications in diverse fields ranging from catalysis to electronics. In addition to being components in electronic devices, GO have been used in nanocomposite materials, polymer composite materials, energy storage, biomedical applications, catalysis and as a surfactant with some overlaps between these fields Graphene oxide is a unique material that can be viewed as a single monomolecular layer of graphite with various oxygen containing functionalities such as epoxide, carbonyl, carboxyl and hydroxyl groups.

**Keywords**— Graphene oxide, catalysis, Applications.

graphene sheets which include mechanical cleavage of graphite, unzipping carbon nanotubes, chemical exfoliation of graphite solvo thermal synthesis, epitaxial growth on Sic surfaces and metal surfaces, CVD of hydrocarbons on metal surfaces, bottom up organic synthesis, electric arc discharge method, Sonochemical approach, reduction of graphene oxide (GO) obtained from graphite oxide by chemical reducing agents are aqueous and environment-friendly greener reduction methods. Yang et al [15-17] have developed PEG lated nano-reduced graphene oxide for ultra-low power photo thermal therapy. Gurunathan et al [20-22] w.r.t. green synthesis and bioactivity related studies of graphene using Bacillus marisflavi as reducing agent and studied the cytotoxic effects of graphene oxide and bacterially reduced graphene oxide (rGO) in human breast

**ASIAN QUARTERLY**

AN INTERNATIONAL JOURNAL OF CONTEMPORARY ISSUES

A Peer-reviewed, International Journal, approved by the University Grants  
Commission of India

Estd: May 2003 ISSN 2229-581 X Volume 15 Issue No. 3 Nov 2017

Academics need to catch up with what has been happening in their subject and to acquaint themselves with different perspectives of the experts who really have a grasp of their subject. They also need an instrument that readily serves their own need of expression. Asian Quarterly (AQ) has been carefully planned to suit the needs of its readers.

Published by the charitable trust named Forum for Culture Studies, the quality and relevance of the journal are maintained by the Institute of Advanced Studies in English (IASE), Pune. Over the years, AQ has emerged into one of the most reputed journals published in the field of humanities. It is published quarterly, in the months of February, May, August, and November every year.

### **Abstract**

*Good Governance is required to ensure that the public policies have their desired effect. In the recent past, issues of governance have received serious attention from the researchers, policy makers and international development community. Today, 'governance' not only occupies centre stage in the development discourse but is also considered as a crucial element to be incorporated in the development strategy. The major focus of the study is on Good Governance and public policy process in India. In this context the present research paper discusses the basic concepts and elements of Good Governance in the first part of the article. The need of the Good Governance in the effective implementation of public policies has been elaborately discussed and the nature of public policy has been mentioned in the next part. Various stages and constraints that are involved in public policy process and need for an effective policy has been discussed in detail in subsequent parts.*
