

Memorandum of Understanding for Academic Cooperation

Government Degree College for Women(A), Begumpet, Hyderabad.

and

S.S.Lab Equipment.

Government Degree College for Women(A), Begumpet, Hyderabad and S.S.Lab Equipment recognize their strengths in research and education in one or more disciplines of science and their mutual interest in engaging themselves in academic cooperation. GDCW(A), Begumpet and S.S.Lab Equipment therefore agree to establish a programme for academic cooperation in the areas of mutual interest, and in accordance with terms and conditions set forth in this memorandum of understanding (MoU).

A. Objectives: The goal is to foster collaboration, provide opportunity for global experience, and to facilitate advancement of knowledge on the basis of reciprocity, best effort, mutual benefit, and frequent interactions. GDCW(A), Begumpet and S.S.Lab Equipment agree:

- a) to exchange information on research and educational programmes
 - b) to exchange information on teaching, learning material and other literature relevant to their educational and research programmes
 - c) to jointly organize short-term continuing education programmes on topics of mutual interest and to invite each other's faculty to participate therein
 - d) to jointly organize seminars, conferences, or workshops on topics of mutual interest and to invite each other's faculty to participate therein
 - e) to jointly propose and engage in research or training programmes sponsored by funding agencies, and to invite each other's faculty to participate therein
- GDCW(A), Begumpet and S.S.Lab Equipment further agree that detailed terms and conditions that guide each activity identified above will be separately determined and agreed upon by the two institutions. These terms shall include a technical description of the proposed activity, financial arrangements, and person(s) responsible for its implementation, etc.

B. Exchange of Faculty, Scientists and Staff GDCW(A), Begumpet and S.S.Lab Equipment agree to encourage collaboration between faculty and scientists from the two institutions. Specifically, institutions will encourage members of their faculties to undertake short visits to, or take up fixed-term visiting assignments at, each other's

institution as per the existing norms. Terms and conditions for each visit or an assignment, including those concerning stipend, travel, and housing, name of the concerned faculty member will be worked out between GDCW(A), Begumpet and S.S.Lab Equipment . Notwithstanding the above, GDCW(A), Begumpet and S.S.Lab Equipment will examine ways to identify financial resources to fund international travel by their faculty/scientists/students.

C. Student Exchange GDCW(A), Begumpet and S>S.Lab Equipment agree that student exchange will be guided by principles listed below. A home institution refers to the institution where a student is a full-time student, and from where he/she is expected to graduate. A host institution refers to an institution that receives a student for a brief period of time to undertake a pre-determined programme of study or research.

- a) Exchange students will be selected by mutual agreement between the home institution and the host institution.
- b) An exchange student will continue to be treated as full-time student at his/her home institution.
- c) An exchange student will be considered as full-time "exchange" student at the host institution.
- d) His/her programme of study at the host institution will be determined by mutual consultation between his/her academic advisor at the home institution and his/her "interim" academic advisor identified by the host institution.
- e) The host institution will evaluate an exchange student's performance in each course or module, award a letter grade or marks, and issue a letter to that effect.
- f) The home institution may award to the exchange student credits earned at a host institution, but only after the home institution has established correspondence between courses taken at the host institution vis-a-vis those offered at the home institution.
- g) If an exchange student has undertaken research, then the host institution will evaluate the exchange student's performance in the research, and issue a letter to that effect, together with a technical "report" of the research carried out.
- h) If an exchange student has undertaken research, then the home institution will take note of the performance evaluation and the technical report, and take steps in accordance with its own procedures.

i) GDCW(A), Begumpet and S>S.Lab Equipment agree to provide suitable accommodation and living expenses for student exchange.

j) To avail travel expenses, students can apply for existing funding programs at their respective home universities.

k) The exchange students will pay tuition and other fees at their home institution.

D. The terms and conditions for such participation will be worked out by mutual agreement between GDCW(A), Begumpet and S>S.Lab Equipment

E. Intellectual Property GDCW(A), Begumpet and S.S.Lab Equipment agree to respect each other's rights to intellectual property. Further, the intellectual property rights that arise as a result of any collaborative research or activity under this MoU will be worked out on a case-by-case basis, and will be consistent with the officially laid down IPR policies of the two institutions.

This MoU will take effect from the date it is signed by representatives of the two institutions. It will remain valid for two years, and may be continued thereafter after suitable review and agreement. Either institution may terminate the MoU by giving written notice to the other institution six months in advance. Once terminated, neither GDCW(A), Begumpet and S.S.Lab Equipment will be responsible for any losses, financial or otherwise, which the other institutions may suffer. However, GDCW(A), Begumpet and S.S.Lab Equipment will ensure that all activities in progress are allowed to complete successfully.

This MoU is signed subject to approval of the respective academic/administrative bodies.

Memorandum of understanding

Sparking Curiosity and Nurturing Creativity in India

Agastya is a cause - not just an organization. Its vision is of a creative India. Its mission is "to spark curiosity, nurture creativity, and instill confidence" in economically disadvantaged children and government school teachers by bringing imaginative and innovative hands-on science education, project-based and peer-to-peer learning to schools, towns and villages across India.

Creativity is an essential competency for all young people to develop, and is one of the top skills that will be required in the careers of tomorrow. Investment in young people's creative skills nurtures critical thinking, complex problem solving, innovation and curiosity.

As Agastya, we believe all young people, regardless of background, should have opportunities to develop and express their creativity, learn valuable skills, and access meaningful career opportunities.

To promote and catalyze creativity we support organizations such as GDCs and other Government educational Institutions.

Objectives of Collaboration with GDC women, Begumpet.

1. Participation of GDC students in Agastya's Exhibitions and other programs
2. Promoting Agastya's Pedagogy through GDC students
3. Works shops (Paid and Free)
4. GDCians Active participation in Agastya 2.0 – Vision 2025.

Thanking you.
