

Report On Remedial Classes 2018-2019

The remedial classes envisions to support weak learners in different subjects and provides them more focused teaching support to enhance their qualitative and quantitative subject knowledge, academic skills and linguistic proficiency. The main facets of remedial classes carried out are special classes, exact screening and repeated exams. These strategies have facilitated us to upraise our pass percentage to a great extent.

In this academic year the college had intentional to organize remedial class from the start of the July itself. Decision was taken by the college to prioritize students who lost one or two papers in the previous semesters. Week students are identified by the tutors on the basis of their performance in the internal exams. Even though the hours that we kept aside for remedial were limited, the department has done it efficiently. The following is a brief report on student participation, faculty engaged with the programme, hours of remedial coaching conducted in the academic year 2018-19.

All together a total of 23 students got the benefit of remedial teaching in this academic year in Semester I. The exam-oriented training and repeated tests made the students overcome their learning difficulties. Moreover, the student teacher interaction was more live in remedial class hours than in regular classes. The duration of classes was usually not more than an hour and a total of 11 hours of remedial classes were conducted.
