

REMEDIAL CLASSES REGISTER

DEPARTMENT OF POLITICAL SCIENCE

The objective of remedial classes are to give additional help to pupils who, for one reason or another have fallen behind the rest of the class in the subject of Political Science.

Students with learning difficulties have the same Psychological needs and characteristics as other children. Some of them, may be less able to organise their Perceptions or to comprehend abstract ideas and concepts. Some may have poor memory, poor level of attention. Above all, owing to encounters of failure they tend to have low expectations of themselves and, having rarely distinguished themselves at college, also have low aspirations.

As teacher, we understood thoroughly the Strengths and Weaknesses of the listed pupils and appropriate teaching approaches have been adopted. Although these pupils are low academic achievers, they are not necessarily limited in abilities or that their attainment will remain permanently low. With proper remedial help, the use of stimulating teaching strategies, and closer supervision and more individual attention, these pupils interest in learning is aroused and they would make better progress.

The ultimate aim of remedial teaching is to help pupils who have fallen behind to learn to the best of their ability and to bring them back into the main stream classes as far as possible.
