

BIO RANGOLI AND RASAYANA RANGOLI

On the occasion of Science day celebrations a two day Programme was conducted by Dept of Botany and other Life sciences on 26.02.2021 and 27.02.2021.

As a part of this, students from Life Sciences participated in Vegetable and fruit carving, Food fest and Bio Rangoli Competition on 26.02.2021 and Science Exhibition on 27.02.2021.

2019-20

Department of life sciences organised bio rangoli competitions to students. Principal Dr.G.Yadagiri, and other staff members observed the rangoli competitions .

National Science Day on 28Th

February

National *Science Day* is celebrated every year on February 28. This *day* recalls the notable invention "Raman Effect" by India's greatest scientist C V Raman. Dept. of Chemistry conducts Rasayana Rangolli competitions and model exhibition.

Objectives:

- Science exhibition proves a good media for the science students for trying out theory into practice & to gain knowledge on entrepreneurship.
- To understand the practical application & utility of science.
- To create interest among the students and to make science learning joyful.
- To encourage scientific & technological creativity among the students.
- To provide an opportunity to display their talents.
- To build their self confidence & team work.
- To encourage their art and creativity skills.
