

field trip to zinda tilismath factory & masqati Dairy farm.

A field trip was organized by the department of microbiology on 6th November 2021 to Zinda Tilismath factory and Masqati Dairy farm. For this field trip around 71 students from Bsc. I, II and III years have attended. Students have visited production units of Zinda Tilismath factory. They interacted with the workers and clarified their doubts. All students were given complimentary bag and sample products of Zinda Tilismath factory. Students have seen production of Zinda Tilismath, Zinda Balm, Fawoqui Tooth Powder, Hair care materials etc.

After that students were taken to Masqati Dairy farm. In this students visited different sections like Ice Cream section, Ghee production unit, flavored milk section, milk Pasteurization and packaging section, and cattle farm. Students observed keenly all the steps at all places. They interacted with the staff and clarified their doubts. Here students were given complimentary Ice cream & flavoured milk.
