

GOVERNMENT DEGREE COLLEGE FOR WOMEN , BEGUMPET, HYDERABAD
INDUCTION PROGRAMME
2019-20

PHYSICAL SCIENCES

Objectives of the Induction programme:

The following Objectives are communicated to the B.SCI year students.

& Choice Based credit system (CBCS): It is an opportunity for the students to choose the courses from prescribed courses comprising core, elective or skill based courses. The course can be evaluated following the grading system.

& Autonomous Grading: Grade point is weightage allotted to each grade letter (O, A, B, C, D, E, F and AB) depending on the marks awarded in a course.

& Evaluation Pattern

& Course outcomes: Students learn Computational skills, communication skills, logical thinking, presentation skills and overall development during the course and they develop knowledge to enter into higher education.

& Career opportunities: Students will get an idea of different opportunities available after completion of B.Sc Degree like Civil services, IICT, NGRI, IITS, IIT-JAM and different Government and private sectors.

& Student Conduct

& **Curricular and extracurricular activities:** The College conducts curricular and Co-curricular activities as part of regular programme. The college is offering the following Co-curricular activities.

NSS

NCC

Sports

Self Defense etc.

Department of Physical Sciences organized a induction programme on 20.07.2019 for B.Sc I Year Physical Science students and the resource person for this programme was Mr. Venkateshwar, Asst. Professor of History at Vivekananda Govt. Degree College, Vidyanagar, Hyderabad. He guided the students regarding the career opportunities for Physical Science students. Dr.Praveen Kumar Reddy, Controller of examination enlighten the students Course curriculum, examination structure, Co & Extracurricular activities and other academic activities of the college.

DEPARTMENT OF COMMERCE

Our college were established to train graduates in their respective branch/ department of study, have a holistic outlook towards life, and have a desire to work for national needs and beyond. The Resource person is Dr.Ganesh from Osmania University. The graduating student must have excellent knowledge and skills in the area of his study. However, he must also have broad understanding of society and relationships. Character needs to be nurtured as an essential quality by which he would understand and fulfill his responsibility as an accountant and management, a citizen and a human being. Besides the above, several meta-skills and underlying values are needed. There is a mad rush for engineering today, without the student determining for himself his interests and his goals. This is a major factor in the current state of demotivation that exists among UG students towards studies. The success of gaining admission into a desired institution but failure in getting the desired branch, with peer pressure generating its own problems, leads to a peer environment that is demotivating and corrosive. For some, the start of hostel life without close parental supervision at the same time, further worsens it with also a poor daily routine.

DEPARTMENT OF LIFE SCIENCES

Induction program for first year life science students was conducted on 23rd July. Eminent speaker Mr. M Nagaraju, retired Professor in English spoke about personality development. In this Programme Dr. Sreelatha, Dr. Rukmini, Dr. Madhuri, Rohini attended the programme. Principal Dr. Yadagiri addressed the students and explained the importance of Life sciences. Dr. Madhuri explained the Programme outcomes, Programme Specific outcomes of the B.Sc. programme. Dr. Rukmini explained the importance of Botany in career opportunities.

The following topics were discussed with the students:

- 1.CBCS System
2. Autonomy & Grading
3. Course Outcomes/Programme Out Comes/Pos
- 4.Curricular and extra-curricular activities
- 5.Code conduct
- 6.Mentoring
- 7.Resources
- 8.Career Opportunities

Total Life sciences students were attended the Programme.

DEPARTMENT OF SOCIALSCIENCES

An Orientation programme is conducted in the department of Social sciences for B.A. Students. In this programme Prof. Limbadri, TSCHE Vice-Chairman was invited to the programme to address the students. He has spoken to students about the career opportunities in ARTS. Principal Dr. G.Yadagiri has spoken about the importance of all Arts subjects namely Economics, History, Political Science, Public Administration, Geography, Journalism, Psychology, Sociology etc. in daily life. Dr.I.Sandhya, Faculty of History explained the Programme outcomes, Programme Specific outcomes and course outcomes in Arts subjects.
