

## TELANGANAKU HARITHA HAARAM

Faculty participating in Plantation drive: Telangana-Haritha haaram

(July-11 to 18, 2017)

The celebration of this day provides us with an opportunity to broaden the basis for an enlightened opinion and responsible conduct by individuals, enterprises and communities in preserving and enhancing the environment. In this context, Faculty and students are encouraged to actively participate in planting saplings.

Students participating in Plantation drive: Telangana-Haritha haaram

The Haritha Haaram Committee and NSS of the College together conduct massive plantation programmes in the college.

Green landscaping, with trees and plants, is an important activity of the College. The college has a wide campus with huge trees and flowering plants which provide a serene atmosphere. The College also conducts various programmes to promote the clean and green campus. The institution has taken initiatives to present Green Greetings in the form of Saplings given to guests on all events and occasions.

The college conducts Guest Lectures and Extension programmes to promote the Green practices. All the departments conduct programs to discuss environmental issues and sensitize the students on the protection of the environment.
