

To,

The Registrar,

Osmania University, Hyderabad.

From,

The Principal,

Government Degree College for Women,

Siddipet.

Sub: Req- suggestions from the Students, Alumni & Teachers- about Curriculum---
- Consolidated from the Feedback forms- reg

Since this being COVID period , students & alumni have requested for flexibility in the syllabus i.e., since it was blended teaching during this period , syllabus could not be covered so quickly as it could have been in normal times so, the students were asking for exemption some percentage of syllabus from exams and also requested for the QP to be more choice oriented.

The teachers opined that the spoken English skills, minimum computing skills and other soft skills should be made part of compulsory syllabus because even after attaining graduation most of the students are unable to introduce themselves in English without errors.

Thanking You Sir,

Yours faithfully
