Certificate of Participation

This is to certify that **AISHWARYA V** participated in the **Advanced Cpp** training organized at **Government Degree College for Women, Nalgonda** in **July 2017** semester, with course material provided by the Spoken Tutorial Project, IIT Bombay.

A comprehensive set of topics pertaining to **Advanced Cpp** were covered in the training. This training is offered by the Spoken Tutorial Project, IIT Bombay, funded by the National Mission on Education through ICT, MHRD, Govt. of India.

Letter Of Association

To,
The Principal,
Government Degree College (W), Nalgonda,
Panagal Rd, Municipal Quarters Area,
Nalgonda, Telangana - 508001.

Date: 1/8/2019

We are happy to announce the ASSOCIATION of Knowledge Partner Spoken Tutorial Program, IIT Bombay with Government Degree College (W), Nalgonda. The Program is a part of the National Mission on Education through ICT, MHRD, Govt. of India, to spread IT Literacy all over India. We are promoting the learning and usage of Free & Open Source Software (FOSS), through an Audio-Video teaching tool, viz, 'Spoken Tutorial'.

We support and motivate colleges to train students on Basic Computer Skills, Software and IT. The course and the training is offered for Rs. 25,000 per year to all the Colleges.

You are making an outstanding contribution of using ICT based teaching and learning methodology for students of your College.

Yours Sincerely,

Shyama Iyer

Shyama Iyer
National Coordinator
Spoken Tutorial Project, IIT Bombay.
NMEICT, MHRD, Govt. of India.

LETTER OF ASSOCIATION

To,
The Principal,
Government Degree College for Women, Nalgonda
Telangana- 508001

Date - 15/12/2020

We are happy to announce the ASSOCIATION of Knowledge Partner Spoken Tutorial Program, IIT Bombay with Government Degree College for Women, Nalgonda, Telangana. Your College is officially now an **Academic Centre** for initiating Spoken Tutorial Training. The Program is a part of the National Mission on Education through ICT, Ministry of Education, Govt. of India, to spread IT Literacy all over India. We are promoting the learning and usage of Free & Open-Source Software (FOSS), through an Audio-Video teaching tool, viz, 'Spoken Tutorial'.

We support and motivate colleges to train students on Basic Computer Skills, Software and IT. The course and the training are offered for Rs. 25,000 per year to all the Colleges.

You are making an outstanding contribution of using ICT based teaching and learning methodology for students of your College.

Yours Sincerely,

For and On behalf of
Spoken Tutorials,
Indian Institute of Technology Bombay

Shyama Iyer.

Mrs. Shyama Iyer
National Coordinator

Basic Computer Skills & Office Automation

Software / FOSS name	Applications / Skills & Employability
Introduction to Computers	How to use computers for day-today activities.
LibreOffice - Writer, Calc, Impress, Base, Draw, Math	Office Automation system – Documentation, Spreadsheet, Slide making.
Linux, Linux AWK, Ubuntu, BOSS	Free and Open source operating system. Actively being taken up by E-Governance programs and SMEs.
Firefox	Web browser. Used for all internet browsing purposes.
Tux Typing	Teaches 10 Finger typing.

Programming Languages / Information Technology

C / C++, Advance C++, Java, Java Business Application, Netbeans	C is the most popular language worldwide. Java is also popular with ability to run the same program on different systems relevant to World Wide Web <i>software</i> . NetBeans is an open-source integrated development environment (IDE). Smooth JavaScript editor, Templates profiler & GUI Design tool. JBA is used to create business applications and provide domain expertise.
Ruby	Ruby is an object oriented scripting language use widely for developing web applications.
GIT	GIT is a version-control system for tracking changes in computer files and coordinating work on those files among multiple people.
Android App using Kotlin	Learn to architect and develop Android apps in the Kotlin programming language. With these techniques you'll create apps in less time, writing less code, and with fewer errors.
HTML	Hypertext Markup Language is the standard markup language for documents designed to be displayed in a web browser.

Modelling and Simulation

DWSIM	DWSIM is a software for modeling, simulation, and optimization of steady-state chemical processes. Use in Chemical industry.
OpenModelica	OpenModelica is used for Simulating, Optimising, Analysing complex dynamic systems. Eg. In power plant, water treatment, automotive processes optimization.

Chemistry / Bio-Chemistry

Avogadro	Avogadro is a molecule editor and visualizer.
GChemPaint	GChemPaint allows you to draw and display 2D chemical structures. Very useful to teach and learn abstract chemistry concepts.
Cell Designer	Cell designer is a drawing tool – a structured diagram editor for biochemical networks & gene-regulatory drawings.
Jmol Application	It is used for molecular modelling chemical structures in 3 dimensions. eg. In molecular biology pertinent structures.

Multimedia / Drawing

GIMP (like Photoshop)	GIMP is a graphics editor used for image retouching and editing, free-form drawing etc.
Inkscape (like Corel Draw)	Inkscape designs and creates a wide variety of graphics such as illustrations, icons, logos, diagrams, maps and web graphics.
Blender (like Maya 3D)	Blender is a 3D computer graphics software toolset used for creating animated films, visual effects, art, 3D printed models, games.
QCad	QCAD is used to create technical drawings such as plans for buildings, interiors, mechanical parts or schematics and diagrams.
Synfig	Synfig Studio eliminates the need to create animation frame-by-frame, allowing you to produce 2D animation of a higher quality with fewer people and resources.

Scripting Languages / Web Development

Python	Used for web programming eg. Django, Zope, Google App Engine, Desktop applications, Web Development sites eg. Facebook, Google search, Wikipedia.
PERL	Perl is a general-purpose programming language useful as a Glue language for tying together systems – hence invaluable to System Administrators and for Web Development.
PHP & MySQL	Used as Web development and Database Management Systems package.
Drupal	Drupal is a content management system (CMS) written in PHP and distributed under the GNU General Public License. Useful for website-building and web applications.

Mechanical / Civil / Electrical - Engineering disciplines

Open Foam	Data processing and visualisation. Aerodynamics, Building constructions.
Oscad (eSim)	Tool for circuit design, simulation, analysis and PCB design.
QGIS	QGIS is an application that supports viewing, editing, and analysis of geospatial data. It allows users to analyse and edit spatial information, in addition to composing and exporting graphical maps.

Electronics / Physics

Arduino	Arduino is an open source platform used for building electronics projects. Or creating interactive objects or environments. eg. Used in Robotics
Ngspice	It is a program used in integrated circuit and board-level design to check the integrity of circuit designs and to predict circuit behavior.
ExpEYES	ExpEYES stands for Experiments for Young Engineers and Scientists. A tool for learning science by exploring and experimenting.
Single Board Heater System(SBHS)	The application of this device is in the Control Systems area of Engineering.

Learning Management System

Moodle	Moodle is a learning management system or an online platform for customized learning, assignment and assessment purposes.
LaTeX	The best tool for Technical writing. eg. Math typesetting for Science, Engineering, Technology writing of theses, projects, journal articles, books etc. LaTeX has automatic generation of high quality PDF reports.
Scilab (like MATLAB)	Scientific computation package for Advanced mathematical computations. Use for academics in Physics, Engineering, Applied mathematics, Statistics & in Data Analytics companies and departments.

Contact

Diana Low – 9833188090 - dianaly3129@gmail.com

Spoken Tutorial project is funded by National Mission Education through ICT, Ministry of Education, Govt. Of India.

<http://spoken-tutorial.org>

Basic IT training in the general area of IT has become a necessary training for all. IT training is indispensable today and we can go to the extent of saying that those who do not know/use IT become second class citizens. It is an understatement to say that IT knowledge improves the employability potential many fold, particularly for the disadvantaged sections of society. The Spoken Tutorial team has an easy learning package for IT. This is available in 15 Indian languages including English and Hindi.

Name Of Course	Applications/Employability
Introduction to computers	Computer fundamentals, their peripherals including printers
LibreOffice – Writer, Calc, Impress	Writing letters, documents, creating spreadsheets, tables, making presentations, desktop publishing
LibreOffice – Base, Draw, Math	Managing databases, Drawing, doing simple Mathematical operations
Linux, Ubuntu, BOSS	Free and Open Source operating system – Bharat Operating System Solutions (BOSS) is developed by Delt, Govt. Of India. Use in e-governance, Govt. Offices, SME's, good for Entrepreneurship, small businesses etc.
Firefox	Web Browser – for using internet and web
Tux Typing	Ten finger typing tutor – designed to be fun and improve wpm speed. Useful for young persons.

We list some features below:

- . Our training is done typically for a period of two hours. Often, this training happens during the regular lab hours, allocated for IT training.
- . The video tutorials are created for self learning.
- . As our method is based on active learning , students have to try out all commands shown in the tutorial. The most important benefit of this approach is that students develop self confidence, which helps them in areas other than education also.

We recommend that after mastering a topic through language dubbed spoken tutorials, one should listen to the English version to improve their English skills. This will also help improve their standing in their work place.

Spoken Tutorial Project, IIT Bombay Brochure for Computer Science and IT Department

COMPUTER SCIENCE

Information
Technology

Name of FOSS	Applications	Employability
C/C++, Java, Netbeans and Python	Programming language	Programmer in IT Industry working in C, Java, Netbeans and Python. Popular companies requiring programmers on C/C++, Java and Python are HCL .
Ruby	Programming language	A dynamic, open source programming language with a focus on simplicity and productivity. It has an elegant syntax that is natural to read and easy to write. It also has a dynamic type system and automatic memory management.
Perl	High-level programming language	Perl has been called the system administrator's best friend for its ability to make common tasks easy. It is particularly well-suited for software tools, system management tasks, database access, graphical programming, networking, and web programming.
Scilab	Scientific Computation package for numerical computations	Value addition in technical problem solving via use of computational methods. For MCA students it is applicable for Data mining and Probability/ Statistics
Blender	Animation and Computer Graphics	Animator in graphic and animation media, film etc. Sectors, such as advertising computer games, TV, education, interior-decoration, etc.

Spoken Tutorial Project, IIT Bombay Brochure for Commerce and Commerce IT

Name of FOSS	Applications / Employability
LibreOffice – Writer, Calc, Impress	Writing letters, documents, creating spreadsheets, tables, making presentations, desktop publishing
LibreOffice – Base, Draw, Math	Managing databases, Drawing, doing simple Mathematical operations
For Commerce IT Students	
Drupal	Drupal is a free and open source content management system (CMS). Developing & Testing architect, Computer solutions, Computer technologies, Information systems, HR services and management, Digital solutions. E-Commerce and Entrepreneurship.
Front Accounting	Front Accounting (FA) is a free and open source accounting software. Front Accounting (FA) is a professional web-based Accounting system for the entire ERP (Enterprise Resource Planning) chain.
C/C++ and Java	Programmer in IT Industry working in C, Java. Popular companies requiring programmers on C/C++, Java are HCL technologies, Wipro, L&T, TCS.
Linux	Linux is one of the most popular Operating Systems used in today's world. It is a Unix-like computer operating systems using the Linux kernel. JP Morgan, SAS Research developer, Corporate resource managers. e-Governance projects under Government of India.
PHP & MySQL	Website Developer in all types of small and large enterprises, popular companies hiring PHP&MySQL trained persons are Air-India, Bridge & Roof Co., Media channels, agencies etc. For MCA students it is applicable for Database Management Systems.

Spoken Tutorial Project, IIT Bombay Brochure For Biology Department

Name of FOSS	Applications / Employability
Cell Designer	<p>Cell Designer is a structured diagram editor for drawing gene-regulatory and biochemical networks.</p> <ul style="list-style-type: none"> • Visual Representation of Biochemical Semantics • Comprehensive Graphical Notation: SBGN Process Diagram • Direct integration with SBML ODE Solver • Smooth linkage to SBW-powered simulation module
For PG Students	
LaTeX	Value addition to academic Skills set. Essential for International paper presentation and scientific journals. For PG student for their project work.
LibreOffice - Writer, Calc, Impress	Writing letters, documents, creating spreadsheets, tables, making presentations, desktop publishing
LibreOffice - Base, Draw, Math	Managing databases, Drawing, doing simple Mathematical operations

Spoken Tutorial Project, IIT Bombay Brochure for Chemistry Department

Name of FOSS	Applications	Employability
GChemPaint	GChemPaint is an editor for 2D chemical structures with a multiple document interface.	GChemPaint is currently being developed as part of The Chemistry Development Kit, and a Standard Widget Tool kit-based GChemPaint application is being developed, as part of Bioclipse.
Jmol	Jmol applet is used to explore the structure of molecules. Jmol applet is used to depict X-ray structures	Jmol is a free, open source molecule viewer for students, educators, and researchers in chemistry and biochemistry. It is cross-platform, running on Windows, Mac OS X, and Linux/Unix systems.
For PG Students		
LaTeX	Document markup language and preparation system for Tex typesetting	Value addition to academic Skills set. Essential for International paper presentation and scientific journals. For PG student for their project work
Scilab	Scientific Computation package for numerical computations	Value addition in technical problem solving via use of computational methods for engineering problems, Applicable in Chemical, ECE, Electrical, Electronics, Civil, Mechanical, Mathematics etc. For PG student who are taking Physical Chemistry
Avogadro	Avogadro is a free and open source, advanced molecule editor and visualizer designed for cross-platform use in computational chemistry, molecular modeling, material science, bioinformatics, etc.	Research and Development in Chemistry, Pharmacist and University lecturers.

Spoken Tutorial Project, IIT Bombay Brochure for Physics, Mathematics and Statistics Department

Name of FOSS	Applications / Employability
Scilab	Use computational software to organize, condition and present experimental data. solve systems of equations e.g. parametric equations, using computational software. simulate and model conventional physical systems (complex systems, transient phenomena). Scilab provides simple matrix operations such as multiplication, the Scilab package also provides a library of high-level operations such as correlation and complex multidimensional arithmetic. The software can be used for signal processing, statistical analysis, image enhancement, fluid dynamics simulations, and numerical optimization
LibreOffice – Writer, Calc, Impress	Writing letters, documents, creating spreadsheets, tables, making presentations, desktop publishing
LibreOffice – Base, Draw	Managing databases, Drawing, doing simple Mathematical operations
Oscad - now FreeEDA	EDA tool for circuit design, simulation, analysis and PCB design. PCB designer in SME's and academic institutions, Lab assistant for Electronic Circuit Lab, Electronic network designer.
For PG Students	
LaTeX	Value addition to academic Skills set. Essential for International paper presentation and scientific journals. For PG student for their project work.
Arduino	<p>Arduino is open-source hardware, open-source software and microcontroller based kit.</p> <p>It is intended for artists, designers, hobbyists, and anyone interested in creating interactive objects or environments. Microcontroller and embedded system manufacturing industry. Good for Robotics.</p>
Ngspice	<p>Ngspice is a general-purpose Electrical / Electronics circuit simulation program for nonlinear and linear analysis.</p> <p>Ngspice is essentially useful to those who deal with electrical and electronic circuits for various reasons. It is also useful for circuit designers practicing engineers in electrical engineering, design automation and component manufacturing industry</p>

SYLLABUS

Libre office calc

- 1.Promo of Libre Office Suite
- 2.Introduction to LibreOffice Calc
- 3.Working with Cells
- 4.Working with Sheets
- 5.Formatting Data
- 6.Basic Data Manipulation
- 7.Working with data
- 8.Using Charts and Graphs
- 9.Images and Graphics
- 10.Advanced Formatting and Protection
- 11.Formulas and Functions
- 12.Linking Calc Data

C and CPP

1. First C Program First Cpp Program
2. Tokens Functions
3. Scope of Variables
4. If And Else If statement Nested If And Switch Statement
5. Increment And Decrement Operators Arithmetic Operators
6. Relational Operators .Logical Operators
7. Loops Arrays Working With 2D Arrays
8. Strings String Library Functions
9. Working With Structures
- 10.Understanding Pointers
- 11.Function Call
- 12.File Handling In C

Libreoffice suite base

1. Introduction What is LibreOffice Base? What can you do with Base? Prerequisites for using Base Relational Database basics Create a new database Create a table

2. **Tables and Relationships**
3. **Create a simple form**
4. **Modify a simple form Build a complex form with form controls**
5. **Add List Box form control to a form**
6. **Add Push Button to a form Enter and update data in a form**
7. **Create queries using Query Wizard**
8. **Create queries using Design View**
9. **Create reports Modify a Report**
10. **Create tables Create Subforms**
11. **Create simple queries in SQL View**
12. **Create simple queries in SQL View II**
13. **Access data sources Database Maintenance**

11. **Friend Function**
12. **Exception Handling**

Schedule & Test

The two hours session can be accommodated in the lab hours of the related course being taught

The course content includes spoken tutorials that are 10 min long video that cover various topics and assignments and instructions

Students will receive Participation Certificate once they complete the training.

Any time after 4 weeks and preferably within a month or so after the Training, the group can come for the online assessment test and get Spoken Tutorial project, IIT BOMBAY 'Certificates.

Make a test request on our website and we will confirm it for you. Detailed but easy instruction sheets provided. You will need to identify an invigilator before the test request.

The invigilator will go through the registration process before the test and will monitor the test and attendance of the participants.

Request will be confirmed and all the participants can take the test by following the simple instructions

For training the entire college, the chief Faculty Organizer can put together a team of representatives from other departments who can train many more students.

Telangana Skills and Knowledge Centre

TSKC in Brief

- Initiated as JKC in 2005
- Converted as TSKC in 2016

Commissionerate of Collegiate Education has started Jawahar Knowledge Centres (JKCs) in Government Degree Colleges (GDCs) in the year 2005-06 with the support of Government which was meant for few batches of students as it was optional and classes were conducted after the college hours. The objective is to improve employability skills of Undergraduate students along with the conventional curriculum for B.A./B.Com./B.Sc. courses.

After the formation of new state of Telangana, the programme is being followed with a fresh vigour. These JKC's are now being called Telangana Skills & Knowledge Centres have expanded their scope and competencies. Based on the direction of Hon'ble Chief Minister few more programmes have been introduced to transform Education into a vehicle of change and adaptability of the students' prerequisite skill sets.

VISION

- "Enrich employability skills in Under Graduate students at the time of completion of Degree, with Clarity on their career choice".

MISSION

- ❖ Creating Opportunity
- ❖ Developing Skills
- ❖ Unleashing Potential

OBJECTIVES

- To Encourage and motivate students to realize their potential and capabilities and maximize their scope of their self achievement.

- To promote Government - Institute - Industry relations through training and placements.
- To help desiring students find employment soon after Graduation in reliable job sectors.
- To offer wide range of employability skills and long term employment opportunities in various Govt. and Public sector units.
- To rigorous and systematic student centered training in a completely equitable learning environment.
- To engage students in training programs supported by cost effective and systematic technology backend teaching/learning aids.
- To facilitate on the job training environment and work experience through "Earn-while-learn" schemes.
- To offer career counseling to job aspiring students and guidance to students seeking higher studies.
 - To make the students to focus on various issues and challenges beyond their regular course.
- To make the students acquire skills and knowledge apart from regular degree course.
- To give guidance to the students regarding the new emerging career opportunities.
- To help students realize their potential and aim high in life and to motivate students to be creative, independent and self reliant
- To ensure empowerment of girl students by providing job skills
- To conduct Job Fairs & Campus Recruitment drives and to facilitate the placement of students trained in TSKCs.
- To promote Government - Institute - Industry relations through training and placements
- To help desiring students find employment soon after Graduation in reliable job sectors.
- To offer wide range of employability skills and long term employment opportunities in various Govt. and Public sector units.
- To rigorous and systematic student centered training in a completely equitable learning environment.
- To facilitate on the job training environment and work experience through "Earn-while-learn" schemes.
- To offer career counseling to job aspiring students and guidance to students seeking higher studies.
- To impart requisite skills relevant for dynamic job market and to enable students to seize employment opportunities.

TASK

HIREME

DEET

Stake holders

- ❖ Commissioner of Collegiate Education, TS., Hyderabad.
- ❖ Government, Private. Aided and Private Unaided Degree Colleges
- ❖ IT, ITeS, Banking, Insurance, marketing and other industries
- ❖ Students pursuing Undergraduate courses

Benefits to different Stakeholders

Students

- ✓ Acquiring job related skills
- ✓ Exposure to real-time projects
- ✓ Campus placement Opportunity
- ✓ Access to Excellent Resources
- ✓ Competitive Environment for faster growth

College

- ✓ Placement opportunities to selected Candidates
- ✓ Enriched academic environment
- ✓ Acquires reputation to the college

TSKC infrastructure

TSKC at Govt. Degree College For Women Nalgonda has one lab

1. TSKC lab: It consists of 27 desktops, one projector and one UPS

Activities in TSKC for 2020-21

The Commissionerate of Collegiate Education has established Telangana Skills and Knowledge Centres in all Government Degree Colleges with an objective to meet Human Resource requirement for state's growth plan while fulfilling the stake holder's aspirations. The main objective of TSKC is to enhance Life skills, Computer skills, Analytical and Aptitude skills among students pursuing graduation.

With an objective to strengthen TSKC activities, TSKCMC, O/o CCETS has collaborated with TASK to enhance employability quotient of young graduates in Government Degree Colleges and enable them to choose multiple avenues as they graduate. Hence from the academic year 2019-2020, TSKC-TASK program shall be offered to interested students pursuing graduation in all Government Degree Colleges in the state. The key aspects of this program are as follows:

❖ All Government Degree Colleges in Telangana shall register with payment of a nominal fee of Rs.5000/- + GST per annum, to TASK.

The student strength per batch shall be fixed in the range 30-50. Parallel batches may be run depending on the student enrolment strength. TASK shall depute their resource persons in requisite numbers for the training. There is no upper limit on the number of students who can enroll into TSKC-TASK Program.

- ❖ The Principal shall nominate one regular faculty to coordinate the TSKC-TASK activities.
- ❖ Here-in after the services of TSKC Mentors shall be utilized in training students on technical skills through TSKC-TASK program. In colleges where TSKC Mentors are not allotted, technical skills also shall be taught by TASK resource persons at no additional charges.

The Principals are also instructed to provide the following facilities/infrastructure in the classrooms for TSKC-TASK trainings.

- Computer lab with internet connectivity,
 - Projector and proper sound systems
 - Class rooms with flexible seating arrangements if possible.
- Afternoon sessions on all Saturdays shall be designated for TASK

Sessions by TASK Resource persons.

The Full Time Mentors shall take TSKC-TASK classes during week days daily.

REGULAR ACTIVITIES 2020-21

Skill Development Initiatives/Placements

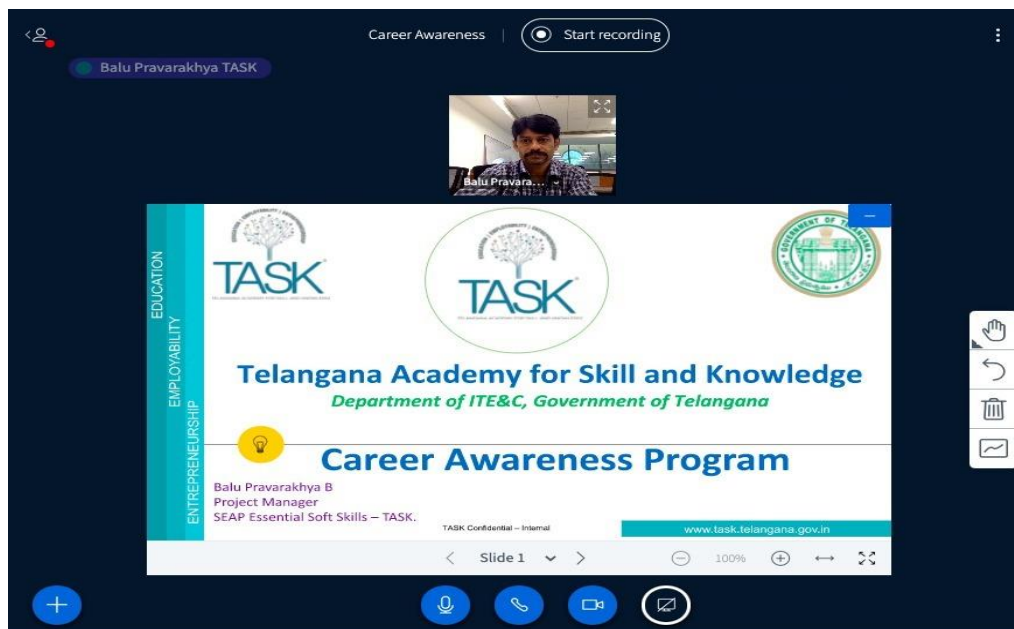

The Commissionerate of Collegiate Education has established Telangana Skills and Knowledge Centers in all Government Degree Colleges with an objective to meet Human Resource requirement for state's growth plan while fulfilling the stakeholders' aspirations. The main objective of TSKC is to enhance Life Skills, Computer skills, Analytical skills and aptitude skills among students pursuing graduation.

With an objective to strengthen TSKC activities, TSKCMC O/O CCETS has collaborated with Telangana Academy for Skill and Knowledge (TASK). To enhance employability quotient of young graduates in Government Degree Colleges and enable them to choose multiple avenues as they graduate.

Our college is also registered with Spoken Tutorial on 26TH September by making due payment Rs 25000 for enabling the students of this college for doing online courses from IIT-BOMBAY.

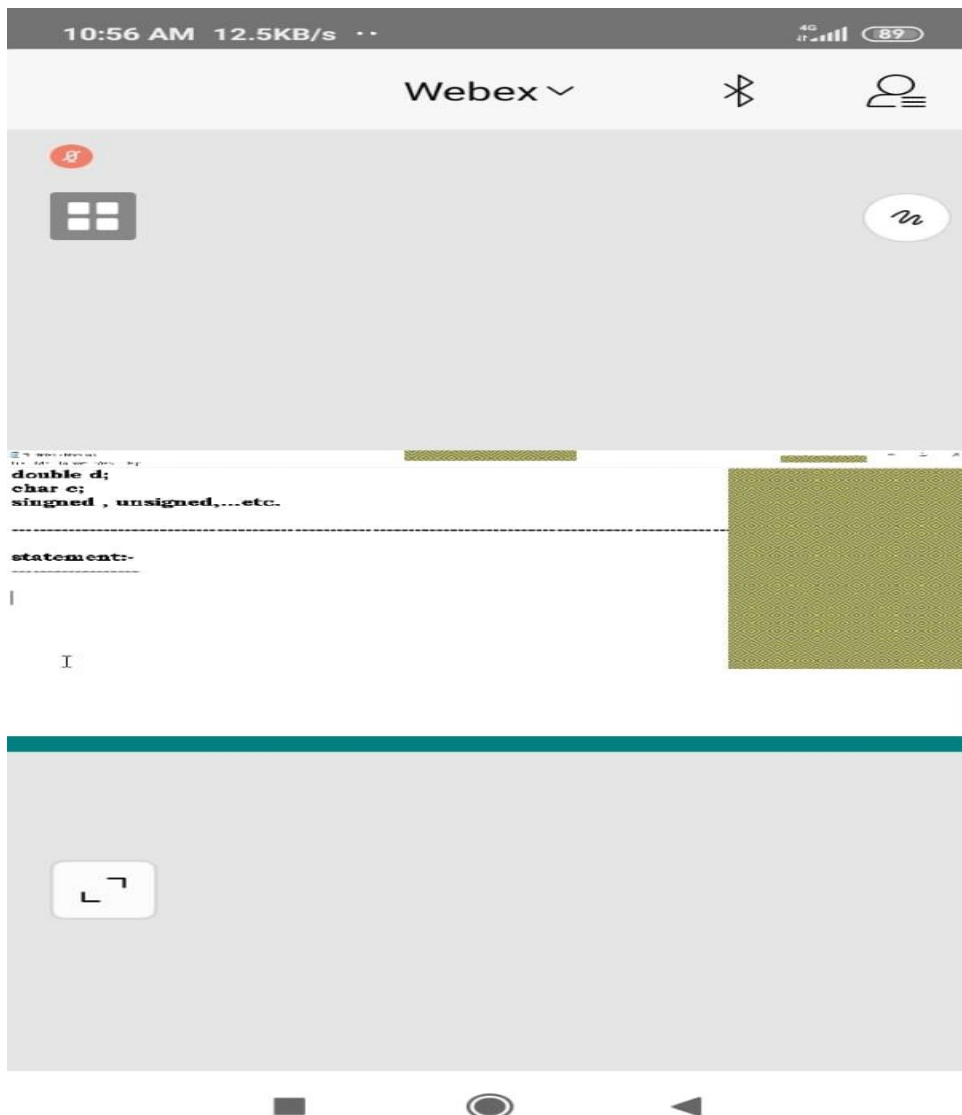

Virtual session on Career Awareness Program Organized by TASK on 7/5/2021 at 10:30 A.M to 12:30 A.M

Real Life Example

SWOT Analysis of David Logan

<p>STRENGTHS</p> <ul style="list-style-type: none"> I have extensive experience with many aspects of my business and also managed a large amount of financial responsibility in my field. I am a hard worker, I give me my complete attention to my work. I always meeting deadlines. 	<p>WEAKNESSES</p> <ul style="list-style-type: none"> I tend to take up many tasks at once which causes a lot of stress. I want to pursue perfection to a great degree, which sometimes puts in more effort than I can handle. I am not a very good communicator and hence cannot speak to groups and give my reports. I am not very organized when I work with teams.
<p>OPPORTUNITIES</p> <ul style="list-style-type: none"> There are a lot of companies that this experience is out there on the internet. Jobs of hiring full-time employees are on increasing a faster speed than ever. My strategic networking and also offer some good training courses. There are a lot of forums and institutions of teachers and students that I can join. 	<p>THREATS</p> <ul style="list-style-type: none"> I have some really successful competitors that I need to meet many things. Working as a freelancer cause extra expenses when you are not working full time. It is hard to get a good reputation when you are not working on the scale of working time. It will need to connect.

Engaging Audience

Engage Your Audience

Consider this scenario:
"First slide, please." The hall lights dimmed, the audience hushed, and the speaker launched into his paper — the culmination of 15 years of painstaking research. Flitting from point to point, he realized that he was running out of time and read the paper even faster. He didn't have much time to dwell on his complicated slides. By the end of the talk he was going so fast that there wasn't time to reverse the seven slides that were projected backwards. Finally, the speaker closed the talk. The lights came on. Two thirds of the audience had let under the cover of darkness; the other third was asleep.

Let's answer few questions...

To
Mahindra pride Classroom

We are very grateful to **D.CHATTANYA LATHA** from **Mahindra Pride Classroom** a Naandi foundation initiative, a trainer for our college students who are pursuing degree final year & eagerly waiting for best opportunities to crack the best placements in reputed companies.

During one week program which was held from 16/9/2021 to 23/9/2021 we noticed a tremendous transformation in the attitude of our college students. We observed that the confidence levels, the communication, presentation skills, competitive spirit & the competence for facing the challenges are highly enhanced.

The modules designed by **Mahindra Pride classroom** & practical approach of modules were thought provoking & encouraging.

We would like thank the trainer **D.CHATTANYA LATHA** for bringing out the best from our students in **Employability skills** which has definitely emboldened our students with **Skills & Knowledge** to face the world outside & training them as globally acceptable citizens.

We would like to thank **Mahindra pride Classroom** for such a wonderful training program & we are expecting more & more such trainings in near future.
