

Webinar

on

Indian Mathematicians and
their Contributions.

SR&BGNR GOVT. ARTS AND SCIENCE COLLEGE(A)
KHAMMAM, TELANGANA, INDIA

DEPARTMENT OF MATHEMATICS & IQAC

Webinar

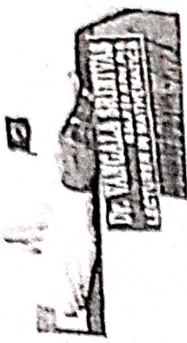

Chair Person
Sri. K.S.S. Ratna Prasad
Principal(FAC)

Convener
Sri. V. Sambasiva Rao
Head of The Department

Co-convener
Smt. Suriseti Anjani
Co-ordinator, IQAC.

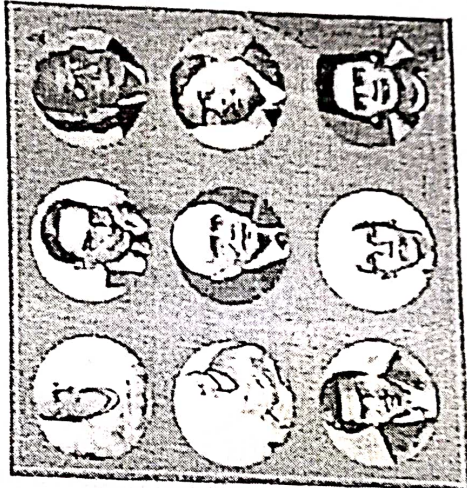

Co-ordinator
Smt. K. Jyothirmai Rani

Speaker
Dr. Vangala Srinivo
M.Sc., M.Ed., M.Phil., PI
Assistant Professor
GDC, Peddapally

ON
"Indian Mathematicians and
Their Contributions"

22rd DECEMBER 2020 11.00AM TO 12.30PM

Organising Committee Member
Sri. B. Venkateswara Rao Asst. Prof. of Mathematic
Smt. P. Anuradha Asst. Prof. of Mathematic
Dr. K. Saroja Asst. Prof. of Mathematic
Sri. K. Srinivas Asst. Prof. of Mathematic
Smt. U. Nagarekha Rani Lecturer in Mathematic

Through Google Meet

$1491 - 1234 = 257$ then
 $8760 - 0378 = 8382$, and
 $8542 - 2178 = 6364$
 $7641 - 1467 = 6174$

A similar constant for 3 digits is 495

05 PM

Note book is NOT A BOOK.

- The "notebook" is not a book, but consists of loose and unordered sheets of paper — "more than one hundred pages written on 138 sides in Ramanujan's distinctive handwriting."
- The sheets contained over six hundred mathematical formulas listed consecutively without proofs."
- After Ramanujan passed away his wife

03 PM

I have introduced myself to you as a clerk
 in the Accounts Department of the Port
 office at Madras on a salary of only
 100 per annum. I am now about 23 years
 of age. After leaving school I have
 been employing the spare time at
 my disposal to work at Mathematics.

Srinivasa Ramanujan

To preserve my brains I
 want food and this is now
 my first consideration. Any
 sympathetic letter from
 you will be helpful to me
 here to get a scholarship.

Srinivasa Ramanujan

Artificial Intelligence

- Artificial Intelligence has 40 classes.
- Some of the 50+ classes are: Machine Learning, Deep Learning, Computer Vision, Natural Language Processing.
- Mathematics and machine Learning go hand in hand.
- Mathematics is a human language that we can use to describe the world around us. It is the language of science and technology.
- In the last 10 years, there has been a lot of interest in Artificial Intelligence, machine Learning and related technologies. And this has led to a lot of progress in AI and ML.

World without Mathematics ??

A World Without

A World Without Right Angles

Trade you my sheep for your sheep

A world without mathematics
