RECENT ADVANCES IN BIOTECHNOLOGY & MICROBIAL INFECTIONS

28-01-2021

The department of Biotechnology conducted a Webinar on “*Recent Advances in Biotechnology & Microbial Infections*”. The Resource person Dr. E. Sujatha Assistant Professor of Microbiology from Kakatiya University explained the progress made by the developments of Biotechnology in the field of medicine. She also explained the causes and effects of Microbial infections such as whooping cough, ear infection and urinary tract infections.

The in charge of the department R. Shyamala Chandra explained the role of pathogens in causing infection in their host body. She also explained the innovations of biotechnology in controlling the life threatening diseases. The Principal, faculty members and students were present in the webinar.

Departmental Resolutions

Kakatiya Government College

Department of Biotechnology

Resolution

Date: 24-08-2020

As per the instructions given by the Principal, a meeting was held in the department of Biotechnology and resolved to conduct the following activities for the academic year 2020-21

1. Planning to conduct a seminar in this academic year.
2. It is resolved to conduct TWO online certificate courses entitled "Certificate course in Fermentation Technology" & 2. Certificate Course in Genetic Engineering.
3. To conduct various Programmes /Activities under MOUs
