

## BRIDGE COURSES:

Bridge courses are usually intended to fill the gap between the knowledge of previously studied related disciplines and the subject that is offered at the degree level. The subject area which is selected to pursue as a part of degree course may be some specialized in nature so that the direct study or understanding of it may require beyond what they studied at the intermediate level. In such cases, the concerned departments of our college offer bridge courses in their respective disciplines, in order to give the better ambience of the subject.
