SCIENCE EXHIBITION

DEPARTMENT OF PHYSICS

"Imagination is more important than knowledge. Knowledge is limited. Imagination encircles the world."

Albert Einstein

Science has become an integral part of the modern world without which the whole structure of the society risks a collapse. A science exhibition is an interface of science and society and it contributes towards creating interest and awareness about science in students.

A science Exhibition was organized on 28 February 2019 (National Science Day) by Physics Department. The objective was to inculcate a scientific interest in science and technology. The students showcased working models.

The projects were:

1. Hydraulic lift
2. Solar cooker
3. Homemade mini cooker
4. Projector
5. Working Bore pump
