

## DEPARTMENT OF SCIENCE

"Imagination is more important than knowledge. Knowledge is limited. Imagination encircles the world."

Albert Einstein

Science has become an integral part of the modern world without which the whole structure of the society, risks a collapse. A science exhibition is an interface of science and society and it contributes towards creating interest and awareness about science in students.

A science Exhibition was organized on 28 February 2020 (National Science Day) Physics and Chemistry Departments. The objective was to inculcate a scientific interest in science and technology. The students showcased working models.

The projects were:

Sl.No	Department of Physics	Department of Chemistry
1.	Water level Indicator	Immiscible layers between the Organic and Aqueous liquids
2.	Wind mill	Preparation of foam
3.	Rope way	Preparation of CO <sub>2</sub> gas and confirmation
4.	Grass Cutting machine	Burning Money Experiment
5.	Toy Robot	Fire Reaction in the presence of O <sub>2</sub>
6.	Drone	Preparation of Acetylene
