Criterion 7

Metric No. 7.1.2

The Institution has facilities and initiatives for

1. Alternate sources of energy and energy conservation measures

- The institution is planning to utilize the alternate sources of energy like Bio energy and Solar energy in near future. The institution is utilizing LED light bulbs across the college premises as they have long durability, energy efficient, and environmental friendly. The electrical equipment like old fans are regularly repaired and replaced with energy efficient ones. The equipment like water pumps are regularly serviced and maintained to keep them function optimally.

2. Management of various types of degradable and non- degradable waste

- The dry and wet wastes are collected in separate bins blue and green respectively. The degradable wastes are collected in the separate bins and used as an organic source for Vermicomposting. Non-degradable wastes are collected in separate bins and the municipal staff will collect that waste.

3. Water conservation

- The taps and water pipelines are constantly checked for any leakages. All the taps present in the college are turned off when not in use. Rain water harvesting pits have been constructed to conserve water.

4. Green campus initiatives

- The green initiatives adopted by the institution include ban on the single use plastic, save energy campaign, plantation is done very often to make the campus green by NSS. Botanical garden is being maintained by the Department of Botany. NSS team works constantly to keep the campus and surroundings clean.

5. Disabled – friendly, barrier free environment

- The institution has ramp for the benefit of physically disabled students for easy access to classrooms. There is a provision for scribe and extra time is given to students during examinations to the physically disabled students.
