SPEAKER'S PROFILE

Mrs. H. Pallavi completed her M.Sc from Osmania University in 2010. She joined in IICT Hyderabad for her Ph.D. After one year of her research work, she selected as Govt Degree College Lecturer in 2013. Recently She joined for her Ph.D in National Institute of Technology, Warangal, Telangana. Though she is at the initial stages of her Ph.D, she published her research work in two reputed International journals. She has 09 years of teaching experience. She attended many National and International Conferences, Seminars

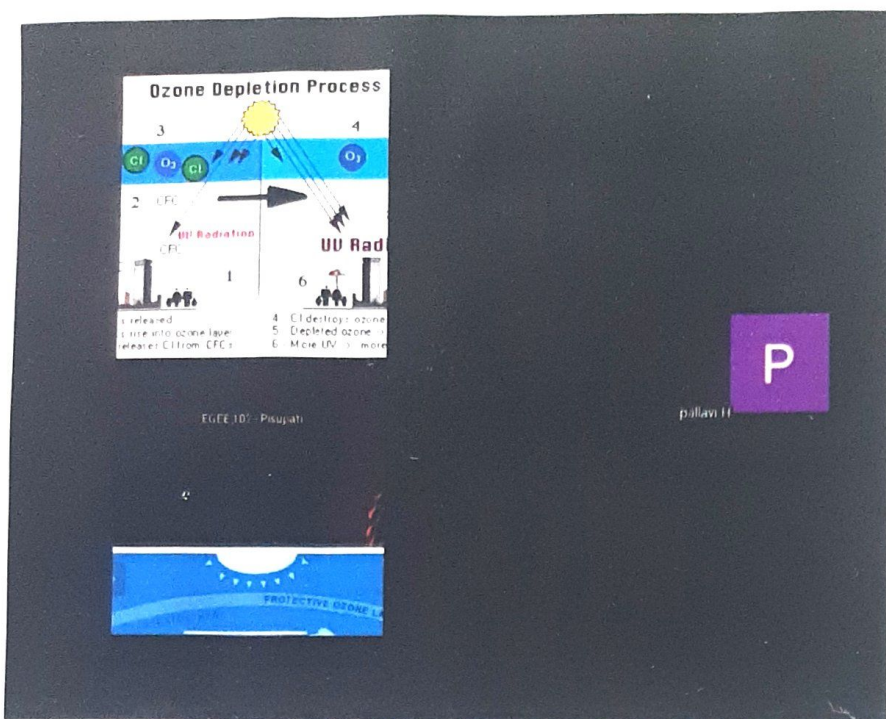

HIGHLIGHTS OF THE TOPIC

World Ozone Day 2021: It is also known as International Day for the Preservation of the Ozone Layer. The ozone layer is a shield of gas that protects the Earth from the harmful rays of the Sun and helps in preserving life on the planet. World Ozone Day is observed on 16 September annually. The day reminds the signing of the Montreal Protocol on substances that depletes the Ozone Layer. On this day people from all over the world are expected to join the Montreal protocol for talks and seminars. The theme of World Ozone Day 2021 is 'Montreal Protocol – keeping us, our food, and vaccines cool'
