STUDENTS DISCUSS ABOUT "C" PROGRAMMING LANGUAGE

Group Discussion about topics:

1. History of 'C' language
2. Compiling and loading ,linking of a program
3. Developing Programs in 'C'

Discuss the importance of Group Discussion.
- **Increases confidence**
  The GD allows the participants to speak in public, which increases their confidence to speak without any hesitation.

- **Focuses on Deep thinking**
  It tests the knowledge of a candidate. The participants get only a few minutes (3 to 5) for the preparation. In such a small duration, they have to make a list of points to speak. The participants in a group listen and understand other participants points of view, making them think deeply about the topic.

- **Improves Communication Skills**
  GD helps the students to represent their views and ask the questions. It not only increases the confidence of a candidate but also enhances their communication skills.

- **Removes hesitation of speaking**
  Some candidates usually have hesitation in speaking in public. At starting, such candidates might face difficulty while speaking. But, after two or three Group Discussion, it improves. Group Discussion helps such candidates to speak loudly and express their views on the topic. It further removes their hesitation in speaking.

- o **Team Work**

  Group Discussion is also based on teamwork. In a company, it is very important to work as a team for the assigned project. Due to this, the quality of working together with team members is checked in the Group Discussion. The panelist also judges the cooperation of participants in the group. It allows participants to share their views with other participants in the group.

- o **Behavior**

  It helps to understand the attitude and behavior of the candidates towards other participants in a group.

- o **Listening Skills**

  GD improves the listening skills of the candidates. For example, the panelist may ask any candidate in a group to summarize the discussion. A candidate can only summarize if he/she has good listening skills. Due to this, every candidate presents in the discussion listens carefully. It further improves the listening skills of the candidates.

- o **Diversity in the Ideas**

  The Group Discussion involves sharing ideas with other participants in the group. Every participant shares his/her thoughts in the group, which makes the diversities in the ideas.

Rules of Group Discussion

There are some rules of a Group Discussion. The rules of Group Discussion are listed below:

- o **Prepare well for the topic.**

  The quick trick is to note all the important points during the preparation time. Do not write brief paragraphs. Try to write short points and explain them briefly in the discussion.

- o **Be confident about your content**

  It would help if you always were confident about your content. If you are not confident, you may hesitate while speaking, which will create a negative impression.

- o **Participants Introduction**

  Most participants only focus on their content. You should be aware during the introduction of all the participants in your group. To get attention, you can call out the person's name when the discussion gets diverted.

- o **Body Language**

  Always take care of your body language. Do not focus only on the content.

- o **Leadership**

  Try to take the lead in the group if you are confident about the topic and the knowledge.

- o **Avoid false starts or commitments**

  Do not initiate the discussion if you are not sure about your content. Do not present any wrong information.

- o **Follow your Domain**
  Every company has its own culture. Prepare your content according to the company requirements. For example, industrial companies will focus more on technical talks, while marketing companies seek the combination of creative and oriented content.

- o **Do not fight**
  In the Group Discussion, some candidates often get aggressive. Do not fight during the discussion. Most of the companies require sensitive and polite candidates rather than aggressive ones.
