Dist. Bellampally

Topic of the lecturer:

How to create Web page

Objectives of Guest Lecture:

They provide students with alternative perspectives, opinions, and personal experiences that can reinforce the teachings of the instructor. The guest lecture may have stories or anecdotes other than those used by the instructor.

- To convey information about management in organisation
- To stimulate motivation and interest in the subject area
- To make classes more approachable
- To contribute to the teacher's knowledge and practices
- To promote knowledge and experiences by sharing in between
- To enrich the students with latest updates
- To explore particular subject with interactions

The department of Computer Applications has organized a guest lecture on Web Technologies for the students of B.Com.II year on 06-03-2021. Thirty students of B.com attended the class.

The speaker for the lecture was Sri.Ch.Mallesh , working as a Lecturer in Computers , Bhavitha Degree College, Bellampally, Dist. Bellampally

He is one of the senior faculty members of Computers subject at UG level with nearly 10 years of experience. He discussed the computers Web pages.

He discussed the HTML Programming language.

He has guided the students for the future experts in the programming development software. The session was very much interactive and motivated the students towards Language. As per the feedback collected from the students the session was very much informative to the students.

Sri.Ch.Mallesh Delivering lecture

Conclusion :

The invitation of experts as guest lecturers offers students the opportunity to meet passionate, committed and critical people and to learn from them in various ways. Guest lecturers provide an important educational experience for students based on their real-world life experiences. Students get to see the insight and perspective of the guest lecturers' specific field. The format can enable students to interact with professionals in formal and informal settings
