

Email Redirection

Thank you for contacting **Government City College**, All official transcript verification requests are now performed using our credentials partner Veri Once, a secure platform for verifying and sharing credentials.

Mandatory documents for verification : Mark Memo (CMM)

To initiate a verification request please log in to the **Veri Once** platform and create your free account:

For Individuals verifying credentials:

www.verionce.com/register

For 3rd party verifiers:

<https://www.verionce.com/register-credential-manager>

Please register and upload you credential for verification. Once the document is uploaded and some basic details added, click the initiate authentication button.

Once your credential is verified, you can share your digital credential with anyone.

For further information regarding the verification process, please view our instruction manual.

Sincerely,

The Government City College team

Verified Digital Credentials = Digital Empowerment

Government City College has partnered with Veri Once to digitize and verify credentials. All students will now receive and own a verified digital credential housed in a blockchain-secure digital wallet.

This initiative will help you take back control of your credentials and embodies India's mission for '**digital empowerment**'.

All alumni requiring verification of academic transcripts will also gain access to Veri Once and receive a verified digital credential.

To initiate a verification request please log in to the Veri Once platform and create your free account:

For Individuals verifying credentials click here:

www.verionce.com/register

For 3rd party verifiers click here:

<https://www.verionce.com/register-credential-manager>

With registration complete, simply upload your credential for verification and request authentication.

Once your credential is verified, you can share your digital credential with anyone.

If you need further information regarding the verification process, please click here to view our instruction manual.

Email

Dear students,

Government City College has partnered with Veri Once, a secure digital platform that verifies and stores credentials. All official academic transcripts will be issued and verified using this blockchain-secure platform.

We are empowering you with ownership and complete control of your digital credentials. Once your credential is issued to the Veri Once platform, you can share your digital credential with anyone for a lifetime.

At graduation, your academic credential will be uploaded to a newly created blockchain-secure digital wallet. You will receive an email from Veri Once with details on how to log in to your account. You have this account for a lifetime and can use the wallet to build a digital portfolio, all verified, throughout your career.

If you need further information regarding the verification process, please [click here](#) to view our instruction manual.

Sincerely,

The Government City College team
