

### **7.3.1: Portray the performance of the Institution in one area distinctive to its priority and thrust.**

At graduation colleges ,preparing students for life and for successful career is the main focus of the institution .to meet this objective ,a congenial atmosphere of academic and all round growth of student is provided in the campus .the whole effort is geared towards creating professionally responsible culturally rooted ethically strong and academically sound the students. We are very keen and committed to make future citizens responsible in holding and leading the humanity on international platform and thus play a vital role in transformation of our country .As per the name our institute putting uncompromised efforts to shape bright career of students

We have well training wing which is no doubt best among the other colleges in state, for sure and cater to the requirement of our students. to pursue excellence we provide excellent training program throughout the year after the commencement of every session .extensive training sessions prepare our students to face challenges of life and to excel in different campus drives and thus to progress o the path of professionalism ,some specific firms conduct placement drives here .we regularly conduct spoken English classes for students to enhance their English communication skills and make them to be competitive in this English communication dominant world as majority of our students as majority of our students are from rural areas .

The institution frequently organizes social activities tom teach the youth to liberate downtrodden communities from poverty and other reasons ,so that we can instill the social values and obligations among them to enrich them not only professionally but in their social responsibility and human values .

To set high standards and to excel in their career, we have excellent faculty to satisfy their knowledge appetite and face the world with confidence and bring laurels to state and country . Research is an inevitable part of higher education .we focus on extensive research activities of faculty as well as students .our students actively engaged in research at graduate level. State level seminars are organized on frequent basis to give boost to research students

We believe in progression on path of leadership with inclusion of high level of subject knowledge, caliber to deliver and apply it in real world with maintaining and profession ethics

We build careerites that are professionally enriched, socially responsible, bear high moral values, emotionally stable and always dedicated to serve the country for excellence in various feels.
