Dr. E. Komuraiah Asst. Prof. in Mathematics SRR Govt. Arts & Science College, Karimnagar, given an extension lecture on linear algebra explained different vectors spaces with examples also linear independent set and dependent set with various examples proved spanning set theorem and also explained null space, nullity, range of vectors space and rank, basis, dimension of vector space with various examples and also proved dimension theorem.

With these lecture students are very satisfied and learned concepts of vector space linearly independent set, depended set, rank, nullity, dimension of vector space.

Dr. M. Archana Asst. Prof. in Mathematics, SRR Govt. Arts & Science College, Karimnagar, given extension lecture on group theory for 4th semester students. Madam explained group theory concepts like binary operations algebraic structure, group definition and also different types of groups with respect to addition, multiplication, binary operations. Madam also explained about sub groups, some important theorms on sub groups and also given different examples to sub groups.

Madam given the short cut methods to solving the group problems which are useful for the students which are useful for IIT Jam entrance examinations. Students are very satisfied with this wonderful lecture.
