## THE ANNUAL QUALITY ASSURANCE REPORT (AQAR) 2017-18

All NAAC accredited institutions will submit an annual self-reviewed progress report to NAAC, through its IQAC. The report is to detail the tangible results achieved in key areas, specifically identified by the institutional IQAC at the beginning of the academic year. The AQAR will detail the results of the perspective plan worked out by the IQAC.

(Note: The AQAR period would be the Academic Year. For example, July 1, 2017 to June 30, 2018)

**Principal's Message**

Internal Quality Assurance Cells (IQAC's) are the conscience of the HEI's. They are the moral radar's which guide institutions to find their purpose and goals. The role of IQAC should not be construed as regulatory. Our college has many mile stones this academic year, sustaining the 'A' grade with improving CGPA is the one.

In achieving the above mentioned quality sustenance activities the role of our IQAC is worth mentioning. From the beginning the IQAC of the college has been playing a pivotal role of facilitating and bringing out the best from the stake holders and motivating the staff to thrive for excellence in all aspects.

The role played by all stake holders with special reference to the alumni, parents and philanthropists can never be forgotten.

It is heartening to learn that the Internal Quality Assurance Cell of the college has taken up the task of writing the calendar 2017-18. The IQAC of our college is known for its teamwork, eliciting the best and work with diligence even in the absence of motivating circumstances.

## BEST PRACTICE – 1

### 1. Title of the Practice:

- To increase the research output in qualitative and quantitative terms among teaching staff.

### 2. Goal:

Our goal was to infuse research culture among the staff and students by providing research ambience to the stakeholders. The research forum of the college has been striving hard for the past four years to inculcate the staff and students with research skills. It felt this as a fulcrum of all activities. The goal is to facilitate, motivate and help teaching staff to become guiding lights at various levels. The goal is also to help them nurture their skills so that they could hone their skills to optimum level.

### 3. The Context:

Research is hub of all activities at Higher Educational institutions. Research not only helps a teacher to improve his/ her teaching capacities but also spreads its influence on every qualitative thing one does. In fact research culture entails objective questioning and helps us improve by becoming self-critical. By keeping this in context the research committee (forum) has been employing various activities and programmes in the college to increase qualitative and quantitative output of research among the teaching staff. The teachers who needed guidance, infrastructure facilities, ICT coaching and who showed interest in research were identified. They were imparted motivational lectures. They were made to apply for awards, programmes etc. at regular intervals.

### 4. The Practice

- ❖ Two staff were given responsibility of guideship by universities.
- ❖ Departments started giving coaching and material to appear for UGC Net exams.
- ❖ Staff were given guidance to complete their Ph D's
- ❖ The staff who have the ability to do research but unable to write good research papers were imparted language training
- ❖ There are some teachers who have the ability to teach but have been unable to teach for PG entrance coaching. Their burden of duties was shared among other staff
- ❖ Students were encouraged to apply MRP's to meet the fund requirements to various funding agencies
- ❖ Staff were motivated to apply and conduct National and state level seminars, workshops
- ❖ Application for central research lab was processed

### 5. Evidence of Success

- Two staff were allotted guideship
- Three staff were awarded Ph D's in the year 2017-18 alone
- Staff have been serving as resource persons at various national international seminars
- Number of participations at International, National and state level seminars, workshops increased phenomenally.
- Number of staff who presented papers at the seminars increased gradually
- Books written by staff, contribution to books in the capacity of Chief Editors, Editorial members, Contributors and contributors of chapters increased in the consecutive few years.
- There has been a great increase in the number of research papers in journals and books with ISSN and ISBN
- Number of staff who enrolled for their Ph D's (Doctoral Programmes) has been steadily increasing.
- Staff were given opportunity to apply and pursue their Ph D in FDP's mode
- Many staff have been qualifying UGC Net and TS SET exams for the past 3 consecutive years.
- Central research lab was mooted. The funds to the tune of Rs 5 lakh were allotted. This effort was specially appreciated by NAAC peer team.

#### **6. Problems Encountered and Resources Required**

The problems at the inception level were fund crunch. National seminars were supported by the funds of UGC and ICSSR. Fund crunch was overcome by wisely utilising autonomous funds. The basic initiative has been sown. The results started appearing.

## BEST PRACTICE –2

### 1. Title of the Practice:

Creation of infrastructure to meet the growing requirements of the college.

### 2. Goal:

To meet the growing infrastructure requirements

### 3. The Context:

There has been a steady increase of admissions for both UG and PG courses. For the past 4 academic years the strength of students who join the college has been in an increase mode. But the number of classrooms is not sufficient to meet the demand. To meet this RUSA funds were utilised to the tune of Rs 1.26 crores. Rs 60 lakhs were allotted to meet the purchase of equipment in the academic year 2018-19. The research needs induction of funds to take off.

### 4. The Practice:

- The college has opted for the grants of RUSA under VII component.
- All the measures were taken to meet the fund requirement

### 5. Evidence of Success:

- The CCE has allotted Rs 5 lakh for the central research lab.
- The library was allotted Rs 12 lakhs for its E-library. The E-library was started. It was appreciated by the NAAC peer team
- Women's hostel was completed and students have been utilising its services
- The college was the first one to get the acceptance of the state RUSA for the grants.
- Principal chamber was furnished with the help of Autonomous funds.

### 6. Problems Encountered and Resources Required

All the funding agencies were approached. The state government, UGC, RUSA, MLA's local funds and people from the society were approached for funds. No one was spared and not as single effort was missed.

## **CRITERION – WISE INPUTS**

### **CRITERION I: CURRICULAR ASPECTS:**

The college has been serving the society for the past 6 decades. It has become the first Autonomous College in the district. The college was served by excellent teachers like Chukka Ramaiah. The students like the first chief minister of Telangana State, Sri. K Chandrashekar Rao garu, added feathers to its cap.

That the college has been registering the highest number of admission in UG first year for the past three academic years in Osmania University region, speaks volumes of its success. The state first ranker in Intermediate HEC group in March 2015, K Venkataswamy, joined the institution in BA programme.

All the curricular aspects of the college have been designed with vision and mission. The college was granted autonomy and redesigned its syllabus from the academic year 2015. All the departments have BOS and entire administrative structure was remodelled to suit the needs of autonomy. The next academic year will be a watershed year in the history of the college as its first batch after autonomy will complete its cycle. The college has also seen that the meetings of Academic Council and Governing Body were convened and academic administrative and financial resolutions were ratified. The college opted for CBCS which gives a lot of scope for improvement. The students of college who excel in their academics are given incentives in the form of cash prizes to the tune of Rs. 60,000/-. The students who get admission into central universities are given Rs. 50,000/- a year as cash incentives by the Commissionerate of Collegiate Education, Telangana. All the reforms in higher education are possible only if implemented whole heartedly at the institutional level. The college implemented all the said reforms at the behest of its stakeholders.

### **CRITERION II: TEACHING-LEARNING AND EVALUATION:**

The college follows transparency in admissions. Admission into the college in UG programmes are strictly according to rules and regulation made by the higher authorities. The admission into PG courses is governed by the Osmania University and the list of allotted candidates is sent to the college. The student data are preserved. Admission process into degree programmes has become online from the academic year 2016-17.

The college ensures that all the students from disadvantaged sections of society get scholarships. Remedial coaching is imparted to the students who have backlogs. Eminent personalities who have expertise in various fields are invited to extend their services to the students.

ICT enabled teaching is encouraged to make the class room interaction more effective. Students got admitted into various Central Universities and other state Universities for the past five years. From this year on the CCE under the aegis of the state Government has been benevolent to the students who got admission into central Universities. These students get Rs.50,000/- per annum in their post Graduation. The college had six such brilliant, hard working and diligent students. All of them were incentivized with the said cash prizes.

The college has a huge demand for some courses. The college organizes orientation programmes for students in the first week of their admission. All the rules to be followed and the facilities available at the college are informed to them. The college was endowed with the services of doyens such as Chukka Ramaiah. 14 teachers have Ph.D's and more than 20 got through CSIR/UGC-

NET/SLET/SET.

The college has adopted external paper setting and evaluation. This ensures absolute transparency. The library has copious volumes of books. The students can use and benefit by using INFLIBINET N- LIST. The three batches of students have submitted their student Study Projects and two of them were awarded for the state first prize. Teaching is more students centred. Many teachers have enrolled themselves into Ph.D programmes.

The college has opted for CBCS. This has changed all the academic, administrative and financial set up of the college.

The students and staff of the college have presented MANA TV live sessions. The college was given opportunity to present “ **Best Practices in Government Degree Colleges**” and the **NCC and NSS units were given opportunity to present the service motto and extension activities on MANA TV.**

### **CRITERION III: RESEARCH, CONSULTANCY AND EXTENSION:**

Our college has research forum to monitor and help scholars. The college promotes research endeavour among staff and students. The college encourages the organizing of seminars, workshops and other research related activities. The staff have 14 Ph.Ds and more than 20 UGC/SLET/NET. All departments subscribed journals. The online resource such as INFLIBINET, N- LIST and plethora of e- books are available. Students of department of Telugu and Zoology have been awarded state first prizes in students Study Projects (Research). The number of participants in seminars, workshops increased phenomenally. The publication by the

faculty has a remarkable progress. Eight of the staff members have been sanctioned MRP's by the UGC worth Rs.20 lakhs approximately.

The department of commerce organized two National Seminars sponsored by UGC, the Department of Zoology organized one national seminar sponsored by UGC. The department of Telugu organized a national seminar sponsored by APSCHE and the department of Public administration organized a national workshop sponsored by TSCHE and ICSSR. Apart from this various departments of the college organized many state level, District level and college level research related activities.

Various departments reached MOU's with reputed and service oriented organizations.

#### **CRITERION IV: INFRASTRUCTURE AND LEARNING RESOURCES:**

The college has potential to grow and serve the society. It has adequate number of class rooms and laboratories. The college grew with time. All the required infrastructure was provided.

The UGC women's hostel building was completed. A separate five roomed block was built by utilizing RUSA funds. The contribution of local philanthropist to construct a gate and an arch at the North East corner of the college has become a remarkable achievement for the college. The Commissionerate of Collegiate Education appreciated this effort. The local MLA and Minister for irrigation, marketing and Legislative affairs Sri T. Harish Rao garu donated an RO plant for the holy objective of providing potable water to students and staff.

To facilitate teaching and research all the departments were provided computers and printers. some of the departments prepared PPT'S for all topics in some subjects. The DIGI class room was sanctioned. The material such as three computers LCD projectors and three interactive white boards were sanctioned. The college already had two interactive white boards. The library is the second biggest in terms of its size and the number of titles /volumes it shelters. - ❖ 4) Waste Management

### 1) Green Vegetation:

In a period of one week we surveyed the flora present in and around the campus and found the following plants which includes small, medium and large size plants. We have divided the college campus in to eight (8) sections. The following table shows the different blocks along with the number of trees and it's general and scientific names

As per our Green Audit survey total number of vegetation present in the campus 650  
Which includes moderate size to large trees.

We found the thick vegetation in the U.G and P.G Zoology Wings and less vegetation  
found right side and back side of the college building.

## 2) WATER MANAGEMENT:

### A. Water Consumption m<sup>3</sup> per Day is 6 m<sup>3</sup> / Day:

| S.no | Water Used For     | April 2014 to February 2015 |
|------|--------------------|-----------------------------|
| 1    | Domestic Purpose   | 3.5 m <sup>3</sup> /day     |
| 2    | Gardening          | 1.5 m <sup>3</sup> /day     |
| 3    | Laboratory Purpose | 1.0 m <sup>3</sup> /day     |

### B. Laboratory water Consumption:

| S.no | Laboratories consumption  | Lab. Water Consumption /Day (Approximately) |
|------|---------------------------|---|
| 1    | Chemistry Laboratory      | 500 Liter/ Day                              |
| 2    | Zoology Lab / Fish. lab   | 200 Liter/ Day                              |
| 3    | Botany Lab / Biotech. lab | 100 Liter/ Day                              |
| 4    | Physics Lab               | 50 Liter/ Day                               |

### C. Water Consumption for Drinking:

About 2.0 m<sup>3</sup> water is consumed to filter 500 liters of drinking water required for approx. 2 days. The capacity of water purifier located in the college main building beside central staircase is about ltr/day. The water drained out from the purifier unit is used for the plants.

### D. Water Harvesting:

In the college campus rain water and roof top water is diverted in to four water percolating / harvesting pits. Still there is a need for more harvesting pits. Some of the water is going out through drainage. Fish pond about 30'X20' sized is being maintained by Dept. of Zoology.

## 3) Electricity Consumption:

Electricity Consumption per Year was 1301 KWH. Avg. Electrical Consumption per Month was 108.4 KWH. Avg. Electrical Consumption per Day was 4.33 KWH

#### **4) Waste management:**

##### **A) Domestic waste:**

The waste (Dry & wet) generated in the campus is collected in the waste bins through trolleys and dumped into compost pits located in the campus. This waste is covered with soil layer and made into the compost by anaerobic way. This compost is being used for potted plants of the college. The polythene waste is also collected separately and given to municipality vehicles. This waste management process is collectively done by the supporting staff, NSS volunteers and nature club members under supervision of faculty. Still there is a need for proper waste management.

##### **B) Vermi compost:**

So far there is no Vermi compost pit in the institute is planning to start vermi culture composting pits in this year on 10 Sq. meter land by the department of Zoology with the help of NSS and natures club. The main benefits of the process are to reduce the waste in the environment and also it is cost savings process and also useful in the Eco management.

##### **C) Wooden Waste Management:**

The wooden waste is dumped in the cellar rooms

##### **D) E- Waste Management:**

The total Number of Computers in the Institute is 150 no.s. Printers – 40 no.s, Xerox Machines are 6 nos.

1. The E-waste and defective item from computer lab is being stored properly.
2. The institution has decided to contact approved E- waste management and Disposal facility in order to dispose E-waste in scientific manner

#### **5) AWARENESS PROGRAMMES:**

Awareness programmes are being conducted by Life science, nature club, NSS P.Os to the students and general public

College is actively engaged in Haritha haram and Swachh Bharath Which is helpful in clean and green campus

Nature club people are sensitizing the students in Biodiversity conservation like arranging nests and water for the birds in the summer.

## 6) AUDIT REMARKS:

- As the campus spread in the vast area of 13 acres there is a need for more plantation backside of the college building and there is a scope for more vegetation in and around the college. The department of Botany is maintaining botanical garden but there also chance for herbal garden in the campus.
- The wooden waste can be used for the making of new furniture
- We suggest for roof garden even.
- In water management there is a need to conserve the water by reducing and reusing the water and also need of more water harvesting pits. The drainage and seepage water must be diverted into pond like structure by constructing the small check dams.
- Energy can be conserved by substituting existing energy sources with natural ventilation and light. As far as possible need to utilize alternative energy source like solar lighting. In the places like library we can reduce power consumption by replacing the normal bulbs with LED bulbs.

## Conclusion

Green Audit is the most efficient & ecological way to solve such an environmental problem. The experiments on the nature by avoiding natural rules, this can be a one major reason behind Green audit process. Green Audit is one kind of professional care which is the responsibility of each individual who are the part of economic, financial, social, environmental factor. It is necessary to conduct a green audit in college campus because student aware of the green audit and its advantages to save the planet & they become good citizen of our country. Thus Green audit Become necessary at the college level. There is a scope for in depth study about the college campus vegetation and biodiversity

To  
The Principal  
Govt. Junior college  
Medak district  
Telangana

Sir,

I take this opportunity to thank you for the co operation extended by you. With the co operation of all junior colleges in general and your college in particular 1061 students joined in the first year of our college across all disciplines.

Kindly accept my heartfelt gratitude for your genuine co operation in recommending your students to join our college. I learned that some of the members of your staff are the alumni of our college. I request you to extend my personal invitation for them to join our alumni association. Further I request you to visit our college at the time of your convenience to personally see how the various academic programmes are being undertaken at our college. Your feedback will be of much importance for us in our constant improvement from better to best and become a fulcrum in bestowing the best of our services to our students. Some lecturers in our college have been trained in soft skills. They are ready to extend their services at your college for a class or two. In this regard I shall be glad if their services were to be utilized in eliciting the best from your students and motivating them to perform more.

We are planning to give free guidance to the first paper of APSET 2014 and 2nd and 3rd papers for English literature. Please inform your lecturers about the same. The dates and timings will be informed soon.

I came to know that your strength in the first year recorded some improvement compared to that of last year, which is a positive sign because this is a fruit of your incessant hard work. I wish you the very best in your endeavour in the achievement of your professional goals.

Yours sincerely

Siddipet - 502103

Dear Principal,

Greetings from NAAC!

I am glad to inform you that the outcome of the Assessment and Accreditation (A&A) exercise of your institution has been processed and approved by the Standing Committee constituted by the Executive Committee to examine the peer team reports and declare the accreditation results. Your institution has been **Accredited** with a **CGPA of 3.14** on a seven point scale at **A Grade** valid for a period of five years from 12/09/2017. The result is already uploaded on NAAC website. The original certificate of accreditation with the quality profile will be dispatched to the institution in due course. I am sure that the detailed peer team report handed over to you during the exit meeting along with the quality profile will enable the institution to initiate further quality enhancement measures.

As per the new guidelines of NAAC, it is mandatory for institutions to retain the Self-Study Report (SSR) uploaded on the institutional website for A&A by NAAC until the completion of validity period of A&A. The SSR should not be password protected and accessible to all the stakeholders. Institutions are also requested to take note of the mandatory requirement of submitting Annual Quality Assurance Report (AQAR) and uploading them on the institutional website on regular basis. Failing to submit the AQARs annually, institutions will not be eligible for the next cycle of accreditation. For details on the revised guidelines, please visit our website: [www.naac.gov.in](http://www.naac.gov.in) from time to time.

With best wishes,

Yours sincerely,

  
(D. P. Singh)
