Celebrations of Computer Literacy Day

On

02-12-2022

BY

Department Of Computer Science

Principal

K.Chandrashekar

Name of the Activity: Computer literacy day(2-12-2022)

No of students Participated: 12

Group: All Groups ;

,No of students attended: 60

Date: 02.12.2022

THE THEME OF COMPUTER LITERACY DAY

It was introduced by the Indian computer company NIIT in the year 2001. The day aims to **promote technological help by uplifting women and children to get skilled in understanding computer language**

Why Should We Celebrate Computer Literacy Day

Today, being proficient with computer usage can make all the difference in an individual's personal and professional life. Computer literacy skills range from having basic knowledge of using a computer to performing intermediate tasks such as operating software and computer programs. We should celebrate World Computer Literacy Day because it is meant to create awareness about the following:

- ❖ The digital divide hampers the spread of digital skills uniformly across the globe.
- ❖ Advocating for global computer literacy, including comprehending how computers work, how to program them, and how to use them.
- ❖ A call-to-action for governments and organizations to reach out to those without computer access

Computer Literacy Day Quotes;

The importance of computer literacy can be summed up in the quotes shared here. On World Computer Literacy Day, go through some witty and meaningful quotes provided below:

- If you embrace computers today then you are going to progress forever.
- Computers are not just the present but also the future; without them, there is nothing.
- Digital is the future; let's embrace it and pursue this computer literacy day together.
- Computer literacy day can provide education for all people from all walks of society.

The programme was started in the virtual class room lab on 02.12.2022, a total of 12 students were actively involved in **NATIONAL MATHEMATICS DAY** Celebrations. sixty(60) students Were attended in **COMPUTER LITERACY DAY** Celebrations.
