Subject: Welcome to Octopod - GDC Bhupalpally

Respected Ma'am/Sir,

We at Octopod will be implementing our system for fee collection for Academic and Exam fees at your colleges, which will replace the old QFIX system, this is as per the directives received from the Collegiate board.

My name is Annanya and along with my team I will be working with you and your team to successfully implement the system, which will include the following

1. An Android app in the name of the college
2. Web portal from where students can pay the fees
3. Web portal from where the admin can upload all the data and track MIS

To implement this successfully we would require the following from your side

1. Assigned Coordinator with whom we will work to implement the system and their contact details of email and phone
2. Data from this coordinator regarding
  - a. Exam Fees data
  - b. Academic Fees Data
  - c. Student data
  - d. Logo of the college
  - e. 30 characters or less the name which would like to appear on the google play store for your app
3. Please send us the data in whatever format you have and we will start working on the same and keep in constant touch with the coordinator
