Education for Underprivileged Students

The educational institute is dedicated to providing education to underprivileged and economically disadvantaged students. Established in 2009, it has since then catered to the educational needs of the poor and underprivileged students in and around Shadnagar. Majority of the students who enroll in undergraduate courses are women and first-generation literates. The institute specializes in offering a unique undergraduate course in sericulture, and it is the only institution in the entire Palamuru University that provides this course.

The students of this institute have shown tremendous potential and excelled in sports and games. Maheshwari, one of the students, has won numerous awards in athletics competitions at both the state and national levels. She is set to participate in an international level athletic competition soon. Another student shivakumar.D has also secured an award in athletics at the university level. Jagan, another student, has won several awards in chess competitions held at both the state level and in Nepal.

The faculty members of the institute are highly qualified and dedicated to the all-round development of the students. They use student-centric teaching methods to impart quality education to the students. The focus is not only on academic excellence but also on the overall development of the students.

The institute serves as a beacon of hope for the underprivileged students, providing them with opportunities for education and a better future. By catering to the needs of these students, the institute plays a vital role in uplifting the community and promoting education for all. Overall, the institute is an exemplary institution that is making a significant impact in the lives of the students and the community as a whole.
