DEPARTMENT OF COMMERCE

The Department of Commerce was started ever since the inception of the College in the year 2009. Initially B.Com (General T/M) was started. In the later years in view of the demand for the course and to cater the needs of the local students and also due to the rising demand for Commerce education and the changes that were taking place in the field of accountancy such as usage of computers in accounting and income tax filing B.Com (Computer Applications) was started in the year 2018-19. Presently the Department offers B.Com (Computer Applications) in English medium with an intake of 60 students. Ever since the inception of the department it has been striving to give its best in nurturing the students in the field of commerce.

Vision:

To be a vibrant and innovative centre for commerce education, to equip students with knowledge and skills in the field of Commerce related departments, along with ethical values, identify hidden talents, provide opportunities for students to realize their full potential and thus shape them into future business leaders, entrepreneurs and above all good human beings.

Mission:

- To contribute to the growth and development of students and society through promotion of teaching, learning and knowledge.
- Developing the overall personality of students in a holistic manner
- To impart holistic education using state of the art technology and infrastructure leading to development of qualified professionals.
- Nurturing students to face the realities of life and real life challenges.
- Developing new knowledge through research activities.
