Report on “WEBINAR”

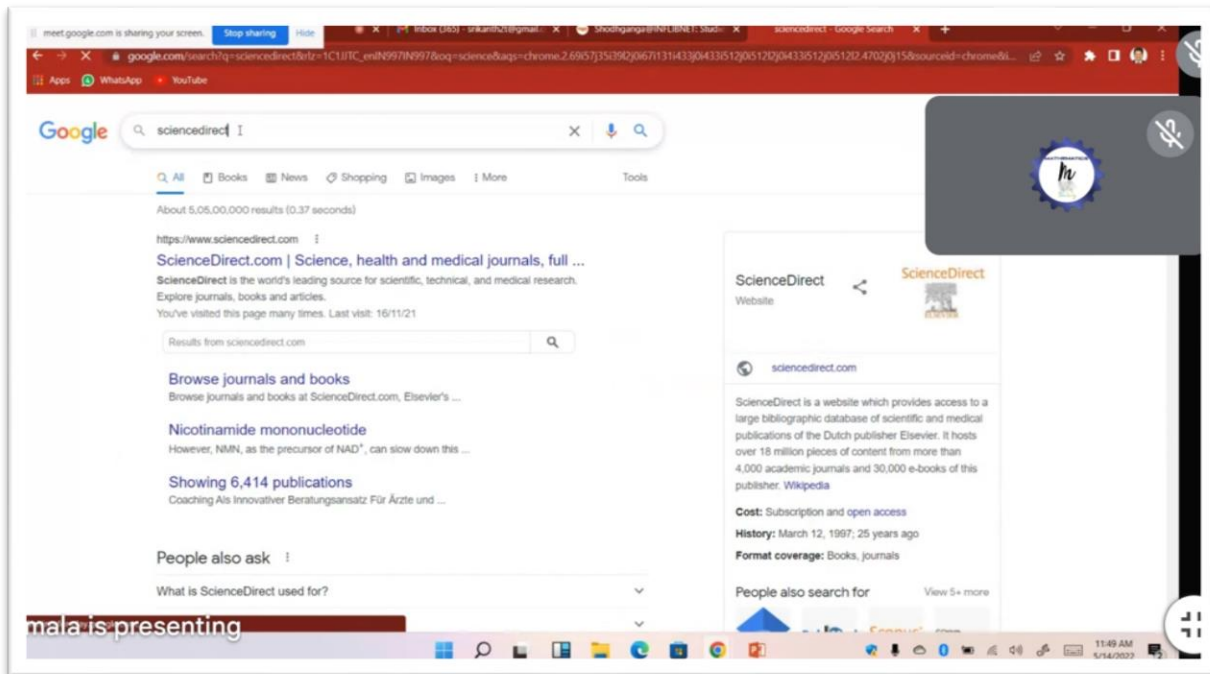

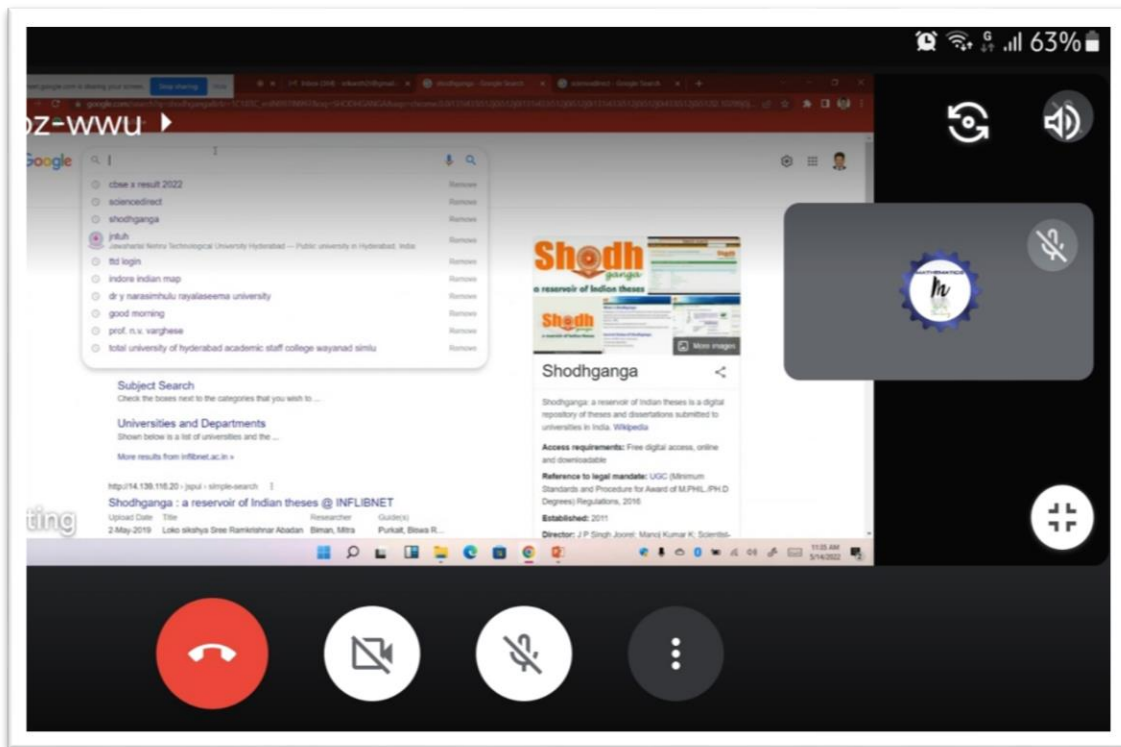

WEBINAR was conducted by Department of Mathematics Government Degree College Shadnagar on “**How to Prepare Project Report**” on 14 may 2022 by **Dr. T. Srikanth Professor of Physics JNTU Hyderabad**. This topic is useful for **MPC** and **MPCs** students for their external exam. The students have an optional paper as a project report. They can choose any field in mathematics.

In the Webinar program the resources person **Dr. T. Srikanth** shares his knowledge through presentation, he also explained various websites which are related to research work students to learn how to search their topic in an online website.

Nearly 40 students attend this program and certificates are given to all participants. On an external exam day students prepared a PPT and they explain how the report is prepared and they answer viva questions which are asked by external examiner. From this Webinar students learn new things and they apply in there external examination also. The program was success and feedback is also taken from the student.

Feedback from the students on "webinar"

Out Comes from Webinar

The Department of Mathematics selected optional paper for semester 6th students as Project Report. The student is selected “Newton's Law of Cooling” as their Project. The Department of Mathematics arranged a **Webinar**. With the knowledge of this **Webinar** students prepared the project report, by using a presentation they explained about their research work. This is success outcome of the **Webinar**.
