2021-2022

A REPORT ON PLANT TAXONOMY FIELD TRIP

BSC (BZC, BZCS, and CROP PRODUCTION) 1st, 2nd and 3rd year students went to field trip at our college campus on 22/01/2022. During visit, Head of the Department Dr.T.Sreelatha Assistant Professor of Botany explain the importance of taxonomy, shown actual habitat, discussed & informed about all plants groups such as along with their taxonomy details which include botanical names & its classification. If needed, whole plant is described. Economic importance, medicinal uses, extinction of any species & other specialities related climate, temperature, composition of soil etc. is also informed to all students. Around 50 students are participated in this fieldtrip.
