## Clean India Programme - 20-10-2021

Clean India and Green India are the two great missions launched by India which are set by UNO under the Millennium Development Goals (MDG), which are the yardstick of the agenda of sustainable development. And for the same objective, the Government of India has launched a scheme in the name of "Swachh Bharat Abhiyan". on 20-10-2021 on the initiative of the government we have conducted a clean India programme. The premises of the college is cleaned by volunteers and other students. Principal, Staff and 27 students participated in this programme.

World Aids Day 01-12-2021

Every year, on 1 December, the world commemorates World AIDS Day. People around the world unite to show support for people living with and affected by HIV and to remember those who lost their lives to AIDS. The inequalities which perpetuate the AIDS pandemic are not inevitable; we can tackle them.

The theme of World AIDS Day 2021 is “**End inequalities. End AIDS**”.

On the eve of World AIDS Day, we have conducted an awareness meeting, presided by the principal. After awareness speeches by Principal and lecturers students expressed their doubts and shared experiences they have faced. 38 students participated in this programme.

## National Women Teacher's Day : 03-01-2022

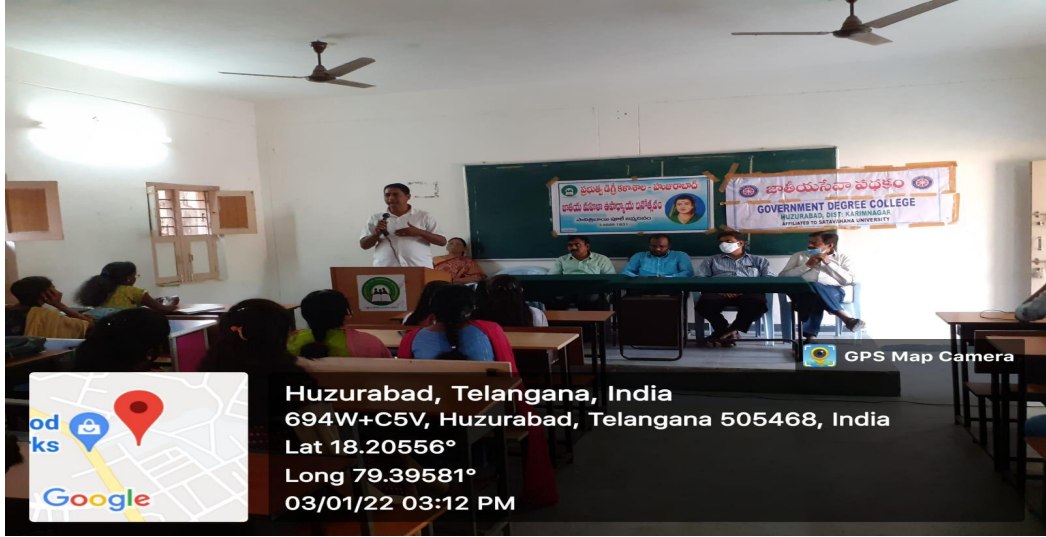

January 3rd of every year is celebrated as Women Teacher's Day in India commemorating the birth anniversary of the 1st women teacher of India Smt Savitribai Phule. She was born on January 3, 1831, near Naigaon, in Maharashtra, and became the first female teacher in India. She was often ridiculed and abused by the Brahmins (upper-caste Hindus) for challenging the caste system by educating girls and individuals belonging to the Dalit communities, who were deprived of learning and literacy for centuries. She was ridiculed for emancipating them with the critical power of knowledge and rational thinking.

The Principal, Staff and students participated in this programme and remembered the services of Smt Phule. Women teachers and students thanked her for the path that she has laid to educate girl students. They expressed the freedom of education they are enjoying today is all the result of revolutionary hard work of Smt Phule. 67 students and volunteers participated in the programme.

## NATIONAL SCIENCE DAY

### National Science Day 28-02-2022

28th February is celebrated as National Science Day (NSD) in India. NSD is celebrated to commemorate discovery of the 'Raman Effect', which led to Sir C.V. Raman winning the Nobel Prize. In 1986, the National Council for Science and Technology Communication (NCSTC) asked the Government of India to designate 28 February as National Science Day which the then Govt. of India accepted and declared the day as National Science Day in 1986. The first National Science Day was celebrated on February 28, 1987.

NSS and Dept.s of science celebrated the day commemorating birth anniversary of Sir C. V. Raman to remember his contribution to modern science. 78 students and volunteers participated in this programme.

**NATIONAL VOTERS DAY- 25-01-2022-CAMPAIGN ON FREE AND FAIR VOTING-AWARENESS PROGRAMME:**

The first-ever National Voters' Day was celebrated on January 25, 2011, to encourage more young voters to take part in the electoral process. This year, it is the 12th edition which is being celebrated. The Union government, then led by Prime Minister Manmohan Singh, approved a proposal of the law ministry to this effect. Former information and broadcasting minister Ambika Soni at that time pointed out that new voters who attained the age of 18 were showing less interest in getting enrolled in the electoral rolls.

The National Voters Day is conducted on 25th of January 22 with all enthusiasm. The importance of exercising vote in the election of leaders is discussed. Further, they are told to campaign and involve themselves to encourage voters from rural areas and others who are not bothered about voting. As Many as 86 students actively participated in the programme.

Haritha Haram(1): (30-03-2022)

Telangana Ku Haritha Haram is a flagship programme of the Telangana Government to increase the present 24% tree cover in the State to 33% of the total geographical area of the State.

The main objective of Telangana Haritha Haram scheme is to build Telangana State into a Green City which covers at least one-third of the State's geographical areas.

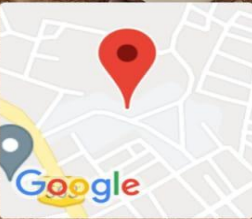

As a part of Haritha Haaram, '**Green Week**' will be observed every month with people's participation to protect the environment and thereby save the planet. Our Honorable Chief Minister wanted all the officials to rejuvenate the existing forest coverage by taking up this initiative which will reap loads of fortune for the next generations. This initiative was welcomed with a lot of appreciation and accolades not only from the State but also from the entire nation. and dedication to conserve the resources to a larger extent by people worldwide. 37 students along with members of staff participated in this programme.

## INTERNATIONAL WOMEN'S DAY-2022

International Women's Day – celebrated annually on March 8 – is a day that commemorates the social, political and economic achievements of women.

Women in different parts of the world use this day to come together to celebrate one another and rally for equal treatment and representation.

The theme for this year's International Women's Day is: "Gender equality today for a sustainable tomorrow."

This year's campaign is represented by the #BreakTheBias hashtag and calls on people to work towards a world that is equitable, inclusive, and free from bias and discrimination so the playing field is levelled for women moving forward.

"We have today the opportunity to put women and girls at the centre of our planning and action and to integrate gender perspectives into global and national laws and policies," Sima Bahous, executive director of UN Women.

IWD is conducted in the college at a grand scale. Circle Inspector of Police as chief guest meeting is conducted in the college. Speakers spoke about women rights on par with men.

54 students, staff and principal participated in the programme and interacted with the students.

**SHRAMADANA:** It is a programme which involves need based voluntary physical work contributed by NGOs, volunteers, students for environmental, social, institutional, improvement in facilities. On 27th march, 2022 NSS Volunteers and other students participated in shramadana programme to clean and arrange furniture in the college by shifting it from the intermediate building. Further, flower pots, books, lab material are also shifted from the old campus. 32 students under the supervision of principal and other lecturers joined hands to complete the target.

**BOREWELL RECHARGE PIT:** Rain water harvesting through bore well recharge – will bring water back to even your dried up bore wells.

Excessive digging of new bore-wells and overuse of existing ones has resulted in severe depletion of groundwater levels rendering many bore-wells dry..

**Increased water-output:**Bore-wells are recharged using our technique and have resulted in increased water-level in the bore wells. Even completely dried bore-wells can also be revived by proper management and utilisation of rainwater.

**Better water-quality:**Reserving naturally filtered rainwater into the groundwater tables results in a decrease in the proportion of impurities in the water. The bore-well water thus loses its hardness with time and toxic minerals such as fluoride are diminished.The use of locally procured natural materials enables us to deliver the bore-well recharge service at an extremely low cost.

In The premises of the new campus, near the hill lock NSS Volunteers and students formed borewell recharge pit which can receive large quantities of rain water.It stretched in10ft \* 10ft area with adept of 15 feet nearly. It helped in the increase of water table and recharge of surrounding borewells.Asmany as 73 volunteers, students participated in its formation.

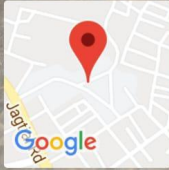

## BEAUTIFICATION AND GARDENING

**Beautification** is the process of making visual improvements to a town, city, or urban area. This most often involves shrubbery, and other greenery, but frequently also includes adding decorative or historic-style street lights and other lighting and replacing broken pavement often with brick or other natural materials.

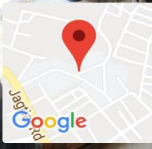

**Gardening** is the practice of growing and cultivating plants. In gardens, ornamental plants are often grown for their flowers, foliage, or overall appearance.
