

12. Department innovates / Best practices

...keeping in view the different students, we have devised lessons and mode of delivery which is best suited to an each and every student . Since the students are equipped with digital tools in the college , we could make the learning process more interactive and effective. We have used digital boards, mobile learning and video learning platforms in which the students are more comfortable and confident.

Group discussions, Biorangoli competitions and other innovative programs were conducted to bring out students' skills and talents in various fields
