

Government Degree College, Khairatabad Department of Telugu FIELD TRIP 2021-22

Department of Telugu organised field trips. These trips aroused an immense inquisitiveness among students to know the history of literary organisations that have contributed to the field of Telugu literary traditions. The very foundation of these organisations has been done with a vision and mission. Our field trips to 34th National Book Fair, Andhra Saraswatha Parishath, Telugu Academy, Telanganana Sahitya Academy really gave a lot of insights to the students. Students thoroughly enjoyed and were thrilled while interacting with the authorities, writers over there. These trips also threw light on the various social conditions under which these organisations have come up, and their relevance today. Students learnt to connect the past with present and vis-à-vis.
