

## OOT Reach Programme.

21-05-2022

The Dept of Economics, along with Dept of Computer science visited the Sri Arabindo school for the part of our reach programme. We delivered a lecture and aware students about stop to drop out from the school and regular studies. We discussed with students about various problems regarding increasing in dropout ratio. Main reason for poor financial background and Early Marriages in rural areas for student's irregularity to the school. Students of the school participated enthusiastically and active.
