

GOVERNMENT DEGREE COLLEGE, WARDHANAPET

Department Of Computer Science and Application Outreach Program

Date: 21.05.2022

The Department of Computer Science and Application along with the Economics department visited “SRI AUROBINDO SCHOOL”, part of an outreach program. We delivered lecture and aware the student stop to drop out from the school and regular studies.

We discussed various problems regarding increasing the dropout ratio. Main reason for poor financial and early marriages in rural areas. In this program all the students of the school participated actively.
