

# GOVERNMENT DEGREE COLLEGE FOR WOMEN SANGAREDDY

## DEPARTMENT OF CHEMISTRY

### OUTREACH PROGRAMMES

#### I Awareness on Plastic Waste

An awareness campaign was conducted on 30.09.2021 in the local community by the students of B.Sc. The students visited the houses in the vicinity of the college and collected the plastic waste. They have also explained the people about the impact of throwing the plastic waste on the roads. The plastic cannot be degraded easily and shows the adverse impact on the human health. It also pollutes the nearby water source. The fertility of the soil also is greatly degraded. The concept of Restore Reuse and Recycle (RRR) was explained to the people.

The people of the society responded positively and helped the students in cleaning the surrounding. They expressed their happiness that the students are conducting awareness programmes on the subject of concern that will effect the living in the community.

#### Outcomes of the Programme:

- The students enlightened the civilians about the impact of plastic waste
- Importance of recycling was explained to the people.

No. of Students Participated : 35
