Reach the Unreached

“Reach the Unreached” is a unique program initiated by Government Degree College, Dubbak in the Academic year 2016-17 for improving the admissions into the college

Objectives:

The main objectives of the program are as given below. They are

- To improve admissions in the college.
- To publicize different activities organized by the college.
- To face cut-throat competition of admission process.
- To reach the college at the door-steps of the students at the time of the Admissions.
- To create awareness among the prospective 10+2 students to seek admission in the Government Degree Colleges, and DOST

Context:

Dubbak is a rural moderate town which has the unique blend of more village and semi-urban cultures, so it takes lot of time create awareness among the rural students about higher education and the facilities provided by Government Degree College, Dubbak to the students.

Though Dubbak is a tiny Municipality it has one Government Degree Colleges and four Private Degree Colleges. Often it leads to a heavy competition to reach the students at the time of Admissions.

The Private Managements tempt the students with spell bound offers, and fee concissions, so to face this competition the Government Degree Colleges Admission Committee along with all the Departments and IQAC have designed this program “Reach the Unreached” to reach the nook and corner of the Dubbak Mandal.

Practice:

In the practice of the activity the institution has formed

1. Admission Committee,
2. Faculty Groups for Campaign,
3. DOST team (HRC)

Limitations:

Academic regular activities are turning as hurdles of the program.

Evidences:

Faculty are bearing fee expenses of the students in the beginning of admissions and supporting in payment of examination fee.
