be established, and in consideration of the mutual promises and covenants contained herein, the sufficiency of which is hereby agreed to and accepted, the Parties agree as follows:

TERMS

1. Purpose of the MOU: Definition.

1.1 The primary objective of this MOU is to create a means for cooperative efforts between DBAN GDCK and GFIART to affect the academic and interchange of faculty, research scholars, and students, and academic & research information between the two departments.

1.2 The Parties agree that this MOU will provide the foundation and framework for all particular projects, developed by academic units from the two departments, to be agreed upon in other separate written agreements.

1.3 DBAN GDCK as "Home Institution" refers to the department sending its student(s), or faculty member(s) to the other Institution for the purposes of study, learning, teaching and/or research.

1.4 GFIART as "Receiving Institution" refers to the department hosting the visiting student(s), or faculty member(s) from the other Institution for the purposes of study, learning, teaching, and/or research.

2. Validation Period of this MOU.

As stated in Section 1.2 above, this Memorandum of Understanding is intended only to provide a framework for separate and more formal and detailed written agreements by and between the Parties with regard to particular exchange endeavors. In this context, this MOU shall remain in place until:

2.1 Superseded by such a separate formal written agreement(s);

2.2 Terminated by either Party upon written notice of not less than ninety (90) days; or 2.3 At the latest, five (5) years from the execution of same, unless the Parties mutually agree in writing to extend same.

3. Coordination Committee.

To facilitate this MOU, a DBAN GDCK Collaboration Coordination Committee (DBANCC) will be formed. The DBANCC will be composed of members from both Institutions with one Chair or Principal Investigator from each Institution. It is the DBANCC's responsibility to carry out collaboration-related duties and to report to the Heads of both Institutions. The DBANCC members are as follows:

DBANCC:Smt. B. Sofia Rani,
Incharge Head, Assistant Professor
Department of Botany

Dr. K. SarojiniChakravarthy,
Assistant Professor,
Department of Botany

Dr. P. Vijaya,
Assistant Professor,
Department of Botany

GFIART:

Dr. N. Gandhi
Principal, GFIART

4. Area of Collaborations.

Pending approval by the chairpersons of both Institutions, the areas of potential collaboration between the Parties in the fields of education, teaching, research and innovations shall include, but not be limited to:

4.1 Academic Education

4.1.1 Both departments may send delegations to visit the other departments to learn about the other's educational system and curriculum design.

4.1.2 Both departments may also invite staff and/or faculty members from the other department to visit and be involved in short-term teaching and/or consultation.

4.2. Student Training

4.2.1 Both departments may send delegations to visit the other department students (graduate, postgraduate and research scholars) of either department who wish to engage in project study or research in a degree-granting or non-degree granting program ("Program") at the other department must meet the criteria established by the Receiving Institution for participation in that Program. A Program that is developed will identify the specific requirements, rationale, goals and objectives, technical procedural skills, and personal skills necessary for successful completion.

4.3. Study Project and Research Collaborations

4.3.1 Both departments will encourage collaborations in areas of Study Project and research for both students and teachers based on their mutual interest.

4.3.2 Both departments will promote and facilitate exchange programs for faculty and student development focusing on research. Such collaborative effort should be based on the mutual interests of the involved Principal Investigators in both departments and the prospective trainees.

4.3.3 In the event a joint research project is proposed by either department, such research efforts will be carefully scrutinized by both Parties to evaluate the value for the proposed joint effort, the qualifications of the proposed participating faculty members, and the location of the research activity. If a decision is made by both Parties to approve the proposed project as a possible joint effort, both Institutions will actively seek outside funding for the proposed joint research project. Final approval of the project will be subject, in part, to securing funding deemed sufficient by each Institution.

4.3.3 In such joint projects between the two Institutions, care will be taken to assure that there will be parity in the numbers and departmental ranks of the personnel involved. Any resulting publications shall include an acknowledgement of the contributions of each Institution in accordance with customary scientific practices.

4.4. Exchange and Visit of Faculty Members

4.4.1 The process for establishing an exchange of faculty members will be as follows:

Interested faculty member will submit idea or innovation, teaching, or research proposals which are intended to exchange with other department to their own Institution's chairperson for their consent. According to the consent of the chairperson of the college, the exchange of faculty can be permitted. The purpose of any such exchange is purely aimed for cooperative learning and research.

Intellectual Property Rights.

5.1 All publications resulting from the educational, research, or collaboration between the two departments shall acknowledge the existence of the collaboration formed under this MOU. Likewise, the relationship between the Parties shall be mentioned in all courses and formal presentations which result from any collaboration formed under this MOU.

5.2 Each research project conducted jointly by the Parties shall be made under a formal written research collaboration agreement containing whatever terms the Parties mutually agree are necessary to address the intellectual property, research information and property interests that could result from the joint activity of the Parties. All such discussions of the Parties regarding these matters will at all times strive to preserve a harmonious and continuing relationship between the Parties.

5.3 All research and other activities conducted under this MOU must be conducted in accordance with the laws, rules, and regulations applicable to each Institution.

6. Relationship of Parties

This Memorandum of Understanding is a non-contractual, non-binding statement of the Parties' desire to engage in the exchange programs and activities outlined herein. This Memorandum of Understanding is not binding or enforceable on either Party by the other, and creates no legal responsibilities or obligations.

7. Confidentiality

The parties anticipate that within the context of this MOU it may be necessary or helpful to transfer information/data of a proprietary or otherwise sensitive or department - confidential nature ("Confidential Information"). All such information exchanged between the Parties shall be considered Confidential Information and shall not be used by the Parties except in the furtherance of the aims of this MOU, and further, neither Party, without the other Party's express written consent, shall disclose to any third party any such Confidential Information.

IN WITNESS WHEREOF, the authorized representatives of both parties have executed two (2) copies of this MOU on this 11th (Monday) day of April, 2022.
