

. Outreach programs

1. Covid related awareness program.

Our students has taken up the task of creating awareness among their village people regarding the covid infection and the measures to be taken for its prevention.

2. We prepared our students to teach younger kids in their vacation time.
3. Creating awareness on fraud calls of banking to their fellow tribal people.
4. As the surrounding tribal people are strictly traditional, they avoid visiting hospital even when they are sick. 90% of our students belong to different tribes, they encourage their relatives to take proper treatments.
