Objective :- 1) Accessing, observing and speaking to patients.

2) To understand the variety of needs of Patients and also deliver relationship centred support.

Students Involved :- Linra Fathima of BZC Year Works as a nurse as a part of Social Service & Earns in Sant Bhagwan Dwi Hospital. Chankaman, Guljarhouse, Hyderabad.

Target Group :- Patients of all ages.

Faculty Involved :- Mrs. P. Anitha - 

Mrs. K. Shanlaji - 

Description of the Programme :- The student had interest in social service and involved herself in ^{various} social service activities. She started serving the patients after her academic schedule. In this perspective it is observed the student named Linra Fathima of BZC Year showed her management and leadership skills, ethics & empathy towards society. Well aware of patient education, clinical & scientific skills on the whole to communicate, adapt and adjust with the people. Her helping hand is appreciable in extending her service to the needy in the society.
