

Department of English [Field Trip]

6 2021-22

20.12.2021

Field trips lend life to theoretical learning. On a field trip students visit places of transactions physically which gives them first hand knowledge. During such visits they get an opportunity for hands on learning in live situations.

The department of English conducted a field trip for the students of II year of II yr (BA & BCom) to the DCC Bank. The office staff in the bank explained to the students various activities done in the bank such as how to fill bank forms for opening of new account, how to fill deposit forms. They understand the terminology used in banks, know the difference between saving account and current account. Students participated with interest and they acquired vocabulary used in various banks. The students were also explained how to acquire eligible qualifications to obtain jobs in banks.

Various bank forms explained by bank employees to BA & BCom students.
