

OUTREACH PROGRAMME - 2021-22.

Dept. of Chemistry,
GDC Kollapur.

Commencement of Practicals for Sr. Intermediate at
Kodavar.

Introduction

I had attend a outreach programme at World High School and Sr. college situated at Kodavar Mandal of N.T. District (N.T.). I had taught precautions ^{when} doing practical in Chemistry lab, Instrumentation of apparatus how to use chemicals, glass apparatus, corrosive chemicals, dilute and concentrated acids. And I had also educate them when a chemical or acid exposed to body, or eyes how to clean and avoid the fire accidents etc.

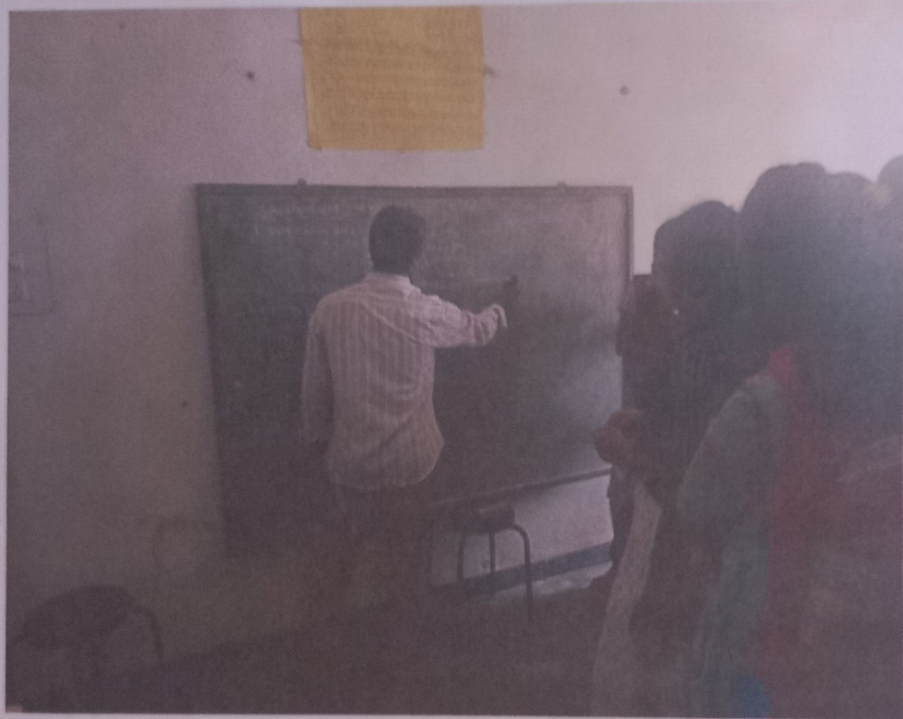

② Analysis of Sample Salt:

How to find Anions and Cations in a Sample Salt. Systematic procedure to identify the

- Anion and cation, Solubility, flame test, etc.

(3) Volumetric Analysis.

How to use conical flask, pipette, Burette
Indicators. I taught to students (a) Acid Base titration
(b) Redox titration (c) complexometric titration etc.
