A brief note on the theme titled “Catch the Rain” campaign

The Ministry of Jal Shakti, Government of India, has launched a massive campaign “Catch the Rain,” with a tagline of “Where it falls, When it falls”. The campaign was launched by Hon’ble Prime Minister Shri Narendra Modi ji under the National Water Mission.

The initiative emphasizes on the need to harvest and conserve rain water so as to replenish and re-charge our groundwater levels, which are fast depleting.

Though we are experiencing heavy rainfall, our groundwater tables are not witnessing proportionate increase, resulting in severe water scarcity during the summer. On onehand there are heavy rains, and on the hand there is a water scarcity presents a paradoxical reality.

It is high time that we effectively harvest the rain water and improve the ground water levels every season so as to save the deep levels of ground water from our indiscriminate exploitation.

The Ministry of Education, and the Ministry of Jal Shakti, UGC have all been guiding and instructing the higher educational institutions and other establishments to promote Catch the Rain campaign and contribute for the efficient rain water storage systems and re-charge the groundwater so as to avoid the water crisis.

Who can Participate?

It is an awareness program and which would be of immense value to any one in our Country. Hence anyone who has access to computer and the Internet can benefit from this Programme.

Organisation of the Webinar:-

All the participants enrolled shall be added in WhatsApp group wherein Zoom meeting ID is sent. It is only through this ID that the resource person will be interacting with the candidates. At the end of the programme participants can interact with resource person. After completion of the Webinar feedback link will be posted in the chat box. Feedback should be submitted through registered mails. Those who fill the feedback form will get the Online Participation Certificate of this National Webinar through their registered mail id within a week. If any Participants doesnot get a certificate can intimate us in whatsapp group so that the issue can be rectified at the earliest. Participants can express their views, ideas, suggestions when they fill the feed back link. These responses will surely encourage us and enable us to improve further in organizing the next programme.

Objectives:

Main Objectives of Rain Water Harvesting in India

It is a technique of increasing the recharge of groundwater by storing rainwater locally, through roof water harvesting, refilling of dug wells, recharging of hand pumps, construction of percolation pits, trenches around fields and bunds or dams on small rivulets. The main objectives of rainwater harvesting are:

- To meet the increasing demand of water.
- To reduce the run-off which chokes the drains

- To avoid the flooding of roads.
- To raise the underground water table.
- To reduce groundwater pollution.
- To reduce soils erosion.
- Supplement domestic water needs.

The successful learners may be in a position to

- Understand the value of water
- Gain knowledge about water conservation techniques
- Reduce use of ground water
- Importance of Reduce, Reuse & Recycling of water are learnt.

Duration of the Webinar – 2.30 Hours (from 02.30 PM to 05.00 PM)

Eligibility:

The Registered Candidates are eligible to participate in this National Webinar from all over the Country.

Medium of Instruction: English/ Hindi/Telugu

Online Platform: Zoom Cloud Meetings...

Teaching Aids: White Board, Videos, PPT ,Sharing YouTube Videos, etc

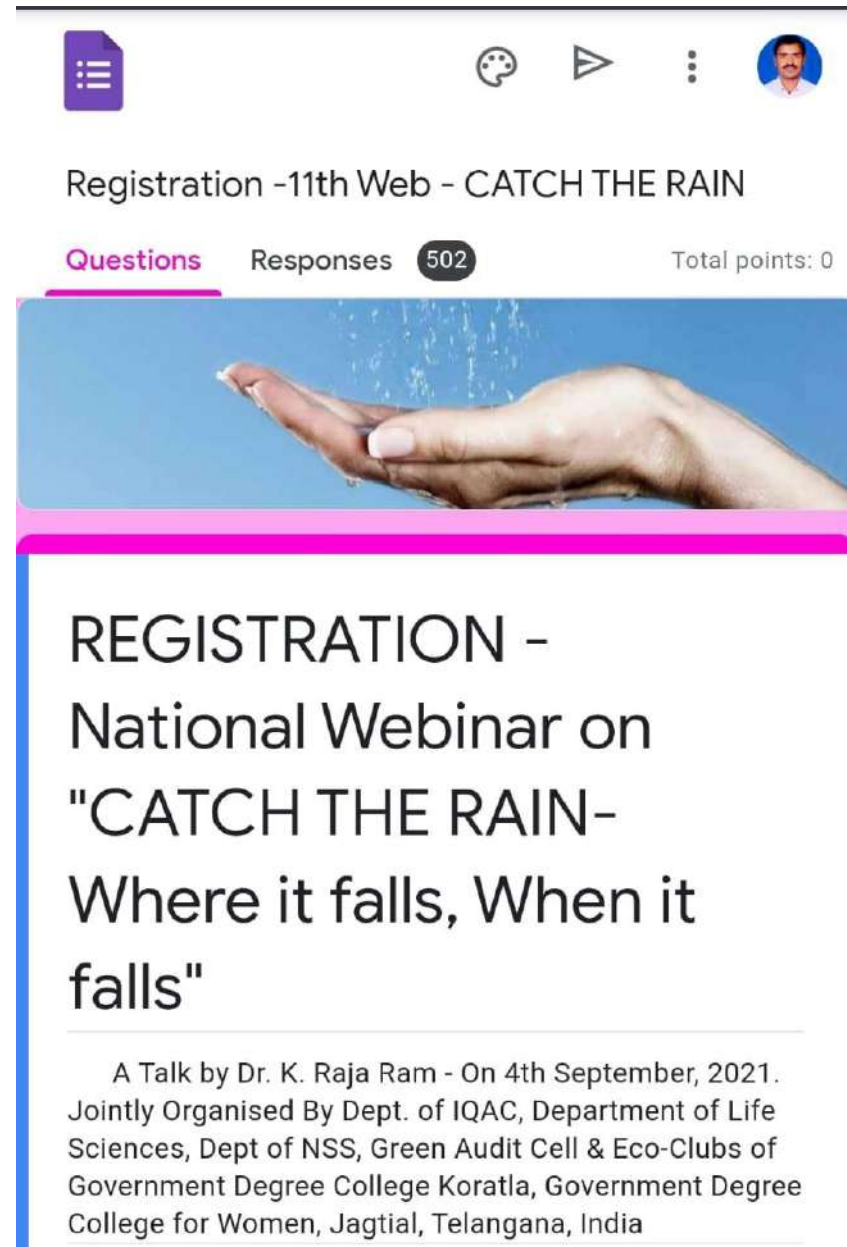

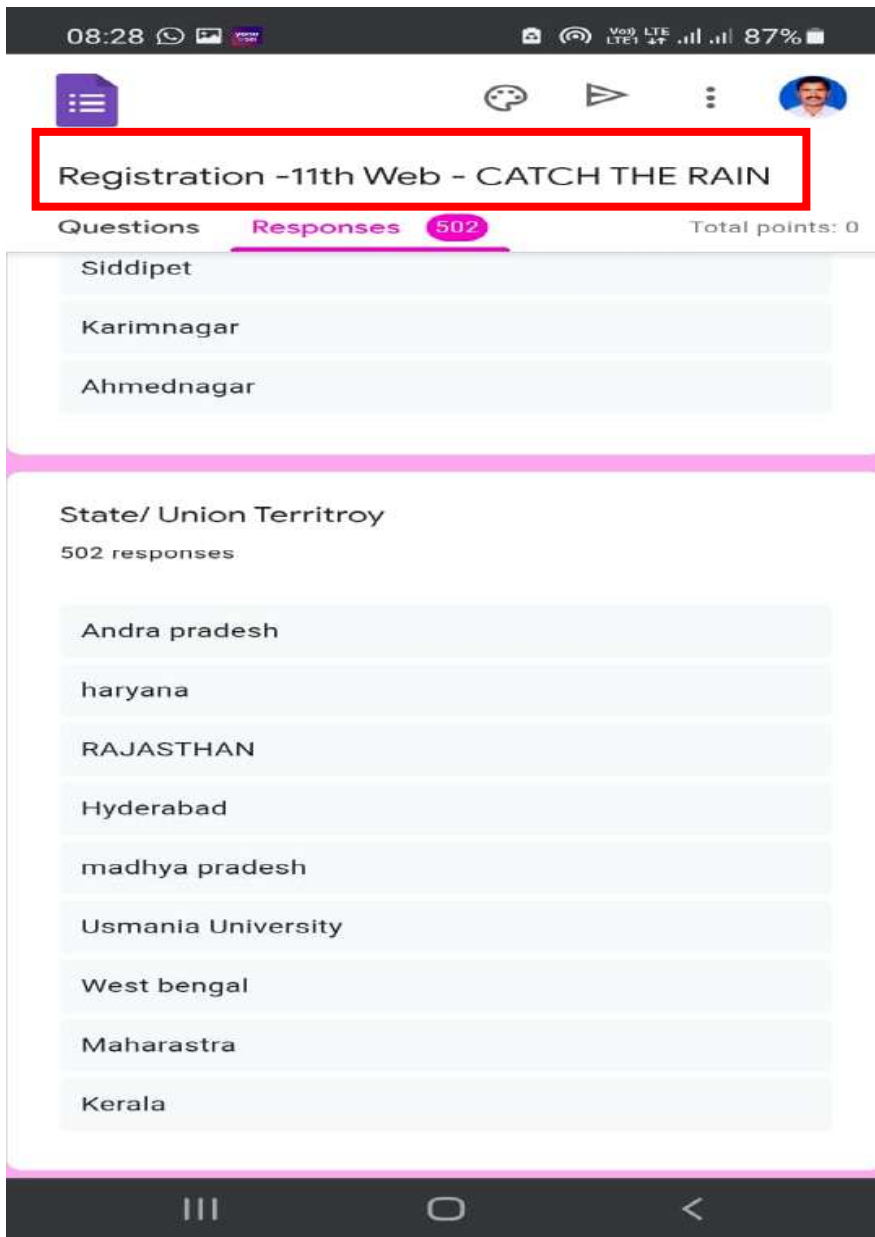

Guidelines for the Participants:-

- During the session all participants should mute their microphone
- During the session if you have any doubt pls post the chat box
- All the participants should stop their videos
- We will sent the feed back form link in the chat box after the session.
- All the Participants should fill the feedback form & give your valuable suggestions
- Within a week you will get the e-certificate to your registered mail id.
- When you fill the feedback link check your mail id.

BRIEF PROFILE OF THE KEY NOTE SPEAKER

Dr. K. Raja Ram

- Dr. Kankata Raja Ram is working as an Assistant Professor in the Dept. of Mass Communication, Telangana University, Nizamabad, TS, since September 2009.

Very-very useful for Universal Everyone.

Good sir.

Thank you.

I am proud of student of gdcw

Tq sir /mam

Okk

Catching the rain is not my hobby Dancin' in the Rain is what I love ❤️😄

Catch the rain and where it falls. When it falls.

In the rainy season the rain will fall
