Field Visit: Ramachandrapuram Municipality

The arts faculty and the students of BA have visited the Ramachandrapuram Municipality. The students have collected the data of sources of income to the Municipal office. The following observations have been made:

1. Taxes are the main sources of income for the Municipality. Various taxes are levied and being collected from the people.
2. Building construction permission charges are another source of incomes.
3. Motivation fee
4. Water bills
5. House tax.

The image shows a large, multi-story building with a grid-like facade, likely a government office building. The building is white with dark window frames and is surrounded by a fence. The image is somewhat blurry and has a high-contrast, almost black and white appearance. The building has several floors and a prominent entrance area. The overall scene is captured from a low angle, looking up at the building.
