CERTIFICATE COURSE IN HUMAN RIGHTS

Certificate Course in Human Rights is a 30 days certificate level program in the study of Human Rights .This course is open for under graduates of humanities ,social sciences , Life sciences, Physical sciences and commerce who wish to gain additional information about the field.

The program envisages imparting candidates the knowledge of human rights and laws entrusted to the masses in both the International and Indian grounds. This course provides a strong base for those who wish to build a career in the field and take up future programs of study in this field.

The students after the successful completion of the program can explore their opportunity of seeking employment in the areas of Multinational Companies, Law firms as well as take up future higher studies in the field.

OBJECTIVES:

The program helps in knowing the ways and means for protecting human rights under situations at the time any unjust act is committed on individuals by police, army, government, companies, individuals, court actions and so on. Candidates are assisted in polishing their skills in maintaining patience, analysing and interpreting the situations with efficiency in order to avoid any kind of discrepancy. The work of a human right personnel is that of an extremely challenging one, which makes it necessary for applicants to possess the maturity to handle the situation and cases with patience and intelligence.

ADVANTAGES

Certificate Course in Human Rights enables candidates to gain a deeper insight into their duties, the workings of the industries and the activities which they would have to manage. This opens a plethora of opportunities for candidates in the areas of non-government agencies, multinational companies, department of law as well as business firms. The course aims to develop the skills of networking, management, the creation of reports, research as well as language skills of the aspirant in order to make them competent human rights workers in the future.

COURSE COMPONENTS:

The curriculum comprises theory which covers the major aspects of human rights from entrusting the knowledge of fundamental rights, duties, directive principles, UN declaration of rights for the child, women, displaced individuals and old people thus making them proficient in their field. The course proves to build a strong base for individuals who wish to undertake higher degree and research programs in the field. Aspirants who wish to serve the society and make the general public aware of their rights can perform extremely well in this program.
